

ALGONQUIN

POLICIES - BOARD OF GOVERNORS

TITLE: COLLEGE FACILITIES		E1
Date of approval: 69-3-12	Minute Number: 69-52 (Replaces)	

In line with its declared aim of providing educational service to the whole community within the Algonquin College area, it is the policy of the College to make its physical facilities available to outside groups, for activities allied with education and community service, provided that the operational needs of the College itself are first served.

When it is deemed necessary by the College to charge a fee for the use of these facilities, the following factors will be taken into consideration:

- (a) the actual cost to the College of operating the facilities concerned;
- (b) the financial organization of the activity concerned, and whether or not it is a profit making activity; and
- (c) the relationship of the sponsoring agency to the College.
