

Saving the  
environment isn't  
evolutionary,  
it's revolutionary.

The future is ours to protect.

Together we can  
**SAVE POWER**  
and conserve it.

# SCREENSAVERS don't save energy. You do.

Turn off the PC and monitor if no one  
is waiting to use them and at the  
end of the day.

# Join the Movement.

Taking the stairs instead of the elevator,  
opening doors instead of using the  
automatic door openers will conserve  
energy and keep you healthy.

# Save power in your dorm.

Turn off your computer, monitor and all electronics when you leave your room for more than 30 minutes.

Open the curtains/blinds and use natural light when you can instead of turning on overhead lights.

Use desktop task lights instead of overhead lights.

Wash your clothes in cold water and do a full load.

Take the stairs instead of the elevator.
