- **Your Spouse's/Partner's claims** must be submitted their plan first. If there is any unpaid portion, the claim would then be submitted to the College's plan.

HOW TO FILE A CLAIM

Drug Card Plan

The Drug Card is used only for prescription drugs and is accepted at most pharmacies across Canada. The Drug Card cannot be used outside Canada.

By presenting this card to your pharmacist, you will not need to pay anything if they are a generic drug and you will pay only 15% of the cost of your medications if they are not a generic drug. If you are covered by the Ontario Drug Benefit Plan (ODB), the pharmacist will be able to co-ordinate your coverage between the ODB and your Sun Life benefit.

If you have co-ordination of benefits with your Spouse/Partner, the claim process will not change. You will still be required to submit a paper claim for reimbursement of your Spouse's/Partner's claims and for any Dependent Children's claims if your Spouse's/Partner's plan is the primary payer.

If your Spouse's/Partner's plan utilizes a drug card **and** you provide the pharmacist with the information on **both** drug cards, the co-ordination of benefits can frequently be done by the pharmacist at the point of sale and you will not have to submit a paper claim.

Please note: If you do not use the drug card, your reimbursement may be affected by the pharmacist's markup of the drug cost.

All Other Extended Health Care Claims incurred in your province of residence

Extended Health Care claims for several paramedical services can be submitted electronically. Many of these can be submitted directly by the service provider if they are on the Sun Life's online system.

Claims that cannot be submitted electronically should be submitted to Sun Life using the Extended Health Care claim form on a regular basis. Where possible, you should accumulate your claims until they exceed \$50 prior to submitting them to Sun Life.

Where an eligible expense is covered by an Assistive Devices program, Home Oxygen program or other service administered by your province of residence, claims for equipment (such as wheel chairs, hearing aids and other related supplies) must first be filed with the provincial Medicare plan. Reimbursement from this plan will be coordinated with the provincial program in your province of residence. Your doctor, health-care specialist or health-care provider will assist you in filing these claims.

PLEASE NOTE:

This plan does not provide emergency out-of-country medical coverage.

If you are travelling outside Canada, ensure that you obtain adequate travel insurance coverage.
