FREE FOR ONTARIO RESIDENTS***

Algonquin College in the Ottawa Valley offers an **Academic Upgrading** program that helps students prepare for college programs. **Call us today for information!**

* These accelerated programs are equivalent to a traditional 2-year diploma.

** The availability of co-op placements may be impacted by economic and labour market conditions.

*** Academic Upgrading courses are free to Ontario residents who meet eligibility requirements.

NEW Carpentry Pre-Apprenticeship Program

April to November 2012

Algonquin College's Pembroke Campus is offering a new carpentry program aimed at Rural Youth, Women, and Aboriginal Peoples [Indian (status or non-status), Inuit, & Métis, or a person of Aboriginal ancestry] who are interested in gaining knowledge and practical hands-on skills that would allow them to work in the building construction trades industry.

This 6-month program offers free tuition, books and supplies; plus a paid workplace experience within the construction trade.
