An initial assessment will determine if you are eligible for Academic Upgrading. Placement tests determine which Communication and/or Mathematics course you start in. The length of time you spend in the program depends on your placement results, which courses you need to reach your academic or employment goals, and your own rate of progress. Durations above indicate the maximum number of weeks to complete each course.

ACADEMIC UPGRADING

On average, over 600 former AU students go on to postsecondary programs each year.

Prepare for college programs and/or employment by taking Academic Upgrading courses. Study only the courses you need to meet the admission requirements for your college program of choice, or, earn the Academic and Career Entrance (ACE) certificate. The ACE certificate is recognized across Ontario as a Grade 12 equivalency for admission to college and by many employers as meeting their minimum employment standard.

WHEN CAN I START?

Day: Intake occurs every second Monday. All students start in a two week Goal Orientation course which includes placement testing in Communication and/or Mathematics.

Evening: Intake for Mathematics occurs at the beginning of most months and includes placement testing. Biology and Chemistry start in January and late August. An assessment to determine eligibility must be done *before* these courses start.

This Employment Ontario program is funded in part by the Government of Canada and the Government of Ontario through the Canada-Ontario Job Fund Agreement.

WHAT WILL IT COST?

- Academic Upgrading courses are FREE for most Ontario residents
- Learning materials and textbooks are loaned to students
- A small materials fee is payable at the time of registration
- Assistance for travel and childcare costs may be available

AM I ELIGIBLE? Academic Upgrading may be for you if you are:

- 19 years of age or older (students less than 19 years of age must meet with an Academic Access Advisor to determine eligibility)
- ready to set goals for your future
- willing to work and show progress
- prepared to attend regularly
- able to work independently
