# Varsity Wordmark & Lettermark

Varsity wordmarks have become synonymous with collegiate spirit. We embrace this tradition with a custom system of artwork for clothing that can be consistently produced.

## VARIATIONS

There are two variations of the Varsity marks: a solid and an outline version. Each is available in a primary version and in reverse, as seen to the right.

- **Solid:** The solid version should only be used in a single colour and only in Algonquin Green or White.
- **Outline:** The outline version should always be kept in two colours: White letters with Algonquin Green outline, or the reverse. Please note the letters inside the outline should NOT be punched out.

OUTLINE (PRIMARY)

**ORIENTATION EXCEPTION**

A vertical version of the mark is permitted on an as-needed basis only.

The vertical mark should be used sparingly, on items such as jogging pants, where available shape and space render the horizontal mark too small.

**SOLID (PRIMARY)****SOLID (REVERSE)****OUTLINE (PRIMARY)****OUTLINE (REVERSE)**

**EXCLUSION ZONE**

Exclusion zones ensure logotypes are not overwhelmed by other elements. These apply to either orientation of the Varsity wordmark.

**SIZING**

To maintain legibility, always display the Varsity marks at the minimum sizes indicated below.

**PLACEMENT**

When creating artwork, follow these guidelines for the use of the varsity logotypes.

**✓ DO...**

- **1:** place prominently
- **2:** use wordmark and lettermark in combination on opposing sides of items

**✗ DO NOT...**

- **3:** place across zipper or buttons
- **4:** place in combination with corporate logotypes
- **5:** source different varsity-style wordmarks
- **6:** place lettermark on item without wordmark on opposing side

### COLOUR DISTRIBUTION

To maintain a consistent aesthetic, it's important to distribute merchandise base colours according to a spectrum that corresponds to our brand. Use the colour wheel below to determine colour prominence in design.

#### USING BLACK TONES

When choosing a black medium for merchandise, opt for a tone that matches our Algonquin Charcoal when possible.

#### USING GREY TONES

When choosing a grey medium for merchandise, opt for a tone in between 5-15% Black. Textured fabrics are acceptable if they meet this standard.

#### USING NATURAL TONES

When choosing a natural-toned medium for merchandise, opt for lighter tones.

**Note:** While Algonquin Green and White printing on Natural tones are permitted, Natural tones are best suited for tone-on-tone effects as outlined on the following page.

## 3.2

# Materials

Generally, artwork should be placed on materials with colours from our palette that optimize legibility. In some cases, tone-on-tone exceptions are appropriate for etched items (ceramic, glass, metal, wood etc.), embossing or debossing and select screening applications for apparel items. Also, neutral and natural tones can be used sparingly to create interest and variety in the brand.

See the examples to the right for acceptable applications.

**WORDMARK DEBOSSSED ON CHARCOAL LEATHER**  
e.g. leather-bound notebook

**ICON EMBOSSED ON WHITE PORCELAIN**  
e.g. porcelain or ceramic mug

**ICON WOODBURNT ON BIRCHWOOD**  
e.g. wooden plaque

**WORDMARK SILVER FOILED ON GLASS**  
e.g. glass water bottle

# 4.0

# Typography

## 4.1

# Primary Typeface

Our primary typeface, Gotham, has a clean, contemporary style that complements our optimistic, confident and, engaging character. It's an important element of our visual identity and is the default on all general merchandise when copy is required.

## 4.2

# Secondary Typeface

Freight is a modern take on classic typefaces that adds an extra layer of sophistication and helps break monotony. It should never be used without Gotham. In terms of merchandise, it can be used on Convocation related material only.

## 4.3

# Tertiary Typeface

Player is our varsity font. It's a collegiate-inspired typeface that instills a further sense of spirit. It should never be used in combination with another font. It can only be used on clothing.

# 5.0 Specialty Application

## 5.1

# Discipline-themed

More playful apparel is available upon request and when quantities warrant production. These graphical representations of disciplines place our College logotype in a secondary yet visible space.

Graphical representations should follow our illustration standards or be pulled from IconMonstr.com. Icons can be coloured in Algonquin Green, Charcoal or White.

## 5.2

# Custom Hoodie

Custom hoodies are adaptations of our staple varsity hoodie. They include "MOM", "DAD" and "GRAD".

## 5.3

# Program Hoodie

Program hoodies are adaptations of our staple varsity hoodie. New ones should be commissioned through the Marketing Department.

## 5.4

# Course Wear

Course wear is used for on-campus labs and off-campus placements. It is an extension of the brand, and subject to all standards set out in this guide with the exception of colours, which are typically standardized within their respective industries.
