The Edit Mode allows Instructors to make changes to content from within the course view. Edit Mode toggles On and Off.

The Edit Mode toggle is displayed to users with a role of Instructor, TA, Course Builder, or System Administrator.

Toggle Edit Mode to On by clicking the Edit Mode Button on the upper right hand side of the screen. When in edit mode, the button will read Edit Mode: ON, and the background of the course will display grey diagonal lines.

When viewing a course with Edit Mode: OFF, you will have the same view as students, viewing only available menu items and content areas.
