1. CONSTITUTION OF THE MEETING

Chair McIntosh constituted the meeting at 4:03 pm. C. Brulé introduced M. Hoddenbagh, Director Applied Research & Innovation who briefed members on the Polytechnics Canada Applied Research Showcase that was held in November. Student Sean Emberly attended the Showcase where he won a gold medal for his applied research project. Sean briefed Governors on the voice-activated digital dental chart that he and his team of staff and faculty helped develop. Governors congratulated Sean and the faculty members in attendance, noting the important contribution made in connecting industry partners with keen and enthusiastic students.

2. CONFLICT OF INTEREST DECLARATION

No conflicts of interest were declared.

3. APPROVAL OF THE AGENDA AND PAST MINUTES

Members were referred to the Agenda which was approved by consensus and the draft regular and In Camera minutes of October 15, 2013. One correction was made to the minutes.

RESOLUTION**MOVED & SECONDED K. Leroux & B. Farber**

That the Board of Governors approves the regular and In Camera minutes of October 15, 2013 as revised.

CARRIED.

4. STRATEGIC DISCUSSION TOPIC

C. Brulé, Vice President Academic and G. MacDougall, Director Learning & Teaching Services presented on the Digital College. Members were briefed regarding the College's effective use of educational and digital technologies. The College's digital strategy is a central point of differentiation as outlined in its Strategic Mandate Agreement (SMA). The digital strategy is identified as one of the four major themes for the 2014/2015 business plan, and will therefore influence and impact our academic offerings and other lines of business in the coming years.

Discussion occurred regarding the courses that were selected for the etext program this year and the cost of etext compared to the traditional hardcopy text books. Members acknowledged that a much clearer picture of what the Digital College comprises is beginning to emerge, with the use of phrases such as "open educational resources" and "blended delivery options" being used. Members agreed that a focus on a digital strategy is key to the future success of Algonquin College and could result in a smaller campus footprint and lower capital costs. It was noted that a draft Integrated College Development Plan (ICDP) will be presented to the Board early next year. The plan includes a useful tool that can be used to help visualize various models in the development of the College in the future. G. MacDougall was thanked for his informative presentation.

5. BUSINESS ARISING

There was no business arising from the October 15, 2013 minutes.

6. DECISION ITEMS & REPORTS**6.1 Program Approval – Entrepreneurship Acceleration, OCGC**

C. Brulé introduced the Entrepreneurship Acceleration OCGC program and referred members to the materials included in their packages. Of note, MTCU has advised Colleges that as a result of a review of all Colleges' Strategic Mandate Agreements (SMA) and the Ministry's focus on "differentiation", all program approvals are suspended until further notice.

RESOLUTION**MOVED & SECONDED F. Blackstein & L. Clark****That the Board of Governors approves the Entrepreneurship Acceleration OCGC program effective Fall, 2014.****CARRIED.****6.2 Saudi Arabia Update**

C. Brulé and D. McNair briefed members on the status of operations at the Jazan, Saudi Arabia campus. The overview included the Fall enrollments, student demographics and the challenges encountered thus far. Members were briefed on the call for Letters of Interest for “Wave 2” of the Colleges of Excellence initiative, which consists of 26 new campuses. Algonquin College submitted an Expression of Interest in September and was subsequently short-listed to respond to the Request for Proposals for women’s colleges in the Kingdom of Saudi Arabia. Governors discussed the Wave 2 opportunity to align with our international strategy, and affording opportunities to most of our employees to work in the Kingdom of Saudi Arabia.

MOVED & SECONDED D. Orendorff & K. Leroux**That the Board of Governors give Algonquin College – Saudi Arabia the authority to submit a non-binding proposal to Colleges of Excellence in the Kingdom of Saudi Arabia to operate one of the three potential clusters of new technical and vocational colleges opening in SA in Fall of 2014. Prior to the AC BOG giving authority to enter into a contractual relationship with Colleges of Excellence, Management must present the Business Plan to the Board for approval and receive necessary approvals from the Ontario Ministry of Training Colleges and Universities and Ministry of Finance.****CARRIED.****6.3 Governance Committee Report**

Governor Leroux, Chair of Governance Committee briefed members on the activities of the Committee from October to December. A working group Chaired by F. Blackstein was tasked with developing Terms of Reference for the Board’s new Academic & Student Affairs Committee. These were submitted for Board approval.

RESOLUTION**MOVED & SECONDED K. Leroux & B. Farber****That the Board of Governors approves the Terms of Reference for the new Academic and Student Affairs Committee.****CARRIED.****RESOLUTION****MOVED & SECONDED K. Leroux & J. Chiasson****That the Board of Governors approves the appointment of Governor F. Blackstein as Chair of the Academic and Student Affairs Committee.****1 ABSTENTION (F. Blackstein)****CARRIED.**

RESOLUTION**MOVED & SECONDED K. Leroux & D. Orendorff****That the Board of Governors approves the revised BG1-01 "Responsibilities of the Board of Governors" as presented.****CARRIED.**6.4 Audit & Risk Management Committee Report

Governor Lamontagne, on behalf of Governor Cheng, Chair of the Audit & Risk Management Committee provided members with a verbal overview of the work and activities of the committee from the October 8 meeting. The Committee reviewed options for the transfer of Internally Restricted Net Assets in June and deferred the decision until the Fall, once requirements for AC-Saudi Arabia project were known. Members reviewed the revised Fixed Asset policy which increases the College's asset capitalization threshold for equipment, from \$1000 to \$5000. ARM Committee recommends the following motions to the Board of Governors:

RESOLUTION**MOVED & SECONDED L. Lamontagne & K. Kasyanenko****That the Board of Governors approves:**

- **The transfer of \$1.18 million within Internally Restricted Net Assets, from Specific Reserves: other projects and initiatives to Specific Reserves: Contingency Reserve fund;**
- **Utilize \$3.22 million from Specific Reserves: Other projects and initiatives to settle a portion of the loan balance and interest rate swap obligation associated with the Police and Public Safety Institute; and**
- **Utilize \$1 million from Reserve Funds: Future capital expansion to settle a portion of the loan balance and interest rate swap obligation associated with the Police and Public Safety Institute.**

CARRIED.**RESOLUTION****MOVED & SECONDED L. Lamontagne & D. Orendorff****That the Board of Governors approves the College's amended Fixed Asset policy including the amendment to the asset capitalization threshold for equipment, from \$1000 to \$5000 as presented.****CARRIED.**6.5 Q2 Financial Review

D. McNair referred members to the material included in their packages that provides an update on the in-year financial forecast, based on the most current information. On February 11, 2013 the Board of Governors approved the 2013/14 Annual Budget with a budgeted net contribution of \$813,000. Several factors affect the revenue and expenditure projections that are estimated when the Annual Budget is presented to the Board of Governors for approval in February, and these are updated throughout the fiscal year.

RESOLUTION**MOVED & SECONDED L. Lamontagne & L. Clark****That the Board of Governors approves the Q2 Financial Report for fiscal 2013/2014 as presented.**

CARRIED.**6.6 2014/2015 Budget Assumptions and 3-Year Pro Forma**

D. McNair referred members to the material included in their packages. The 2013/14 Q2 Financial Report is projecting a positive year-end net contribution, however provincial funding reductions and increased cost pressures continue to present challenges in balancing the annual in-year budget. Members reviewed the preliminary pro forma budget assumptions for 2014/15.

Discussion occurred regarding the budget assumptions including the funds allocated to reserves and strategic investment over the next few years. Members commended Management on the excellent work in bringing forward a balanced budget and approved the 2014/15 budget assumptions and 3-year pro forma report by consensus.

6.7 College Renovations

C. Brulé and D. McNair briefed members on capital investment of \$6.7M for a major renovation project at the Woodroffe campus related to the expansion and modernization of the Dental program facilities in Building J, and the repatriation to Building A of the Hair Stylist/Hairstylist Apprenticeship and Esthetician programs activity from Confederation High School and the relocation of the Massage Therapy program activity from Building J.

RESOLUTION**MOVED & SECONDED J. Chiasson & B. Farber**

That the Board of Governors approves the capital investment required to complete the work for the renovation and repatriation of the Dental and Hair Stylist/Hairstylist Apprenticeship and Esthetician programs based on the indicative costing of \$6.7M.

CARRIED.**7. OTHER BUSINESS****7.1 Advisory Committee Annual Report 2012-2013**

Members were referred to the annual Advisory Committee Report for 2012-2013. The report was reviewed and accepted by consensus.

REPORT FROM THE CHAIR

- Colleges Ontario's 2013 Higher Education Summit was held in Toronto on November 17 and 18, ending with the Premier's Awards Gala. Several Governors and members of Senior Management were in attendance.
- The Board will be moving to a Consent Agenda format in February. Members will be provided with information regarding how the consent agenda format will work.
- The College held its United Way Touchdown event on Friday, November 29. This year's campaign raised over \$100,000 with a record 25% staff and faculty participation rate.
- The latest edition of Local Lines, the Faculty Union newsletter is on the table.
- All services at the College will be closed as of noon on December 24 and will re-open on Thursday, January 2, 2014.
- The next meeting of the Board is scheduled on February 10, 2014, with a Board Retreat scheduled the same day beginning at 10:30 am.

8. REPORT FROM THE PRESIDENT

- The draft Strategic Mandate Agreement (SMA) is being developed in alignment with the MTCU's draft differentiation framework. Negotiations with the Ministry's representative will begin in January.
- Pembroke campus – The College and the Canadian Wildlife Federation have signed a Memorandum of Understanding that encourages both organizations to partner whenever possible to promote outdoor education.
- The re-election of the College's faculty union occurred recently. Algonquin College is the only college in Ontario that does not have a United College Collective (UCC) which provides a venue for the Faculty Union and Management to discuss important topics. Management is hopeful the UCC will be re-constituted in the future.
- Algonquin College and La Cité collegiale will jointly host the ACCC conference in May, 2014. This will be a good opportunity to showcase our regional campuses, with the pre-conference scheduled in Pembroke.
- Second-year Mechanical Engineering Technology student Dmitry Klishch won the 2013 IEEE Global Humanitarian Technology Conference (GHTC) Student Poster Competition held in San Jose, California.
- The first of a series of Town Halls was held on December 4. Questions covered topics such as the College's International efforts, digital, e-text and many more. All questions from faculty and staff were welcomed. The Town Hall was well attended and well received, with a second scheduled in March, 2014. Governors are welcome to attend.
- The Annual Christmas Coffee Break will be held on December 18 in the Observatory. Governors are welcome to attend.

9. MANAGEMENT SUMMARY REPORT

The Management Summary report for December, 2013 was received and is available online at www3.algonquincollege.com/bog/.

10. IN CAMERA SESSION

The In Camera Session was not required.

11. MEETING ADJOURNMENT

There being no further business, the meeting was adjourned at 6:10 pm. The SEM Report – Student Survey Results and the Q2 Business Plan 2013/2014 Update was included in members packages for information.

Presentation to:	Board of Governors
Subject:	2013/14 3 rd Quarter Financial Report
Date:	February 10, 2014
Presenter(s):	Duane McNair, Vice-President, Finance and Administration

Purpose

To provide the 3rd Quarter financial projections for the 2013/14 fiscal year.

Background

On February 11, 2013 the Board of Governors approved the 2013/14 Annual Budget with a budgeted net contribution of \$812,000.

There are many factors affecting the revenue and expenditure projections that are estimated when the Annual Budget is presented to the Board of Governors for approval in February that are updated throughout the fiscal year. The quarterly financial reporting process provides updated forecasts based on current information. The 2013/14 Q3 process was condensed in conjunction with changes to the annual budget process cycle. Revenue and expenditures have not changed from the Q2 projection unless there were material changes that would significantly impact the previous projections.

The 2013-14 Annual Budget presentation presents the funded and non-funded activities that the College operates to ensure that the fourth pillar of the Strategic Plan – “Financial Sustainability” is achieved.

The first grouping entitled “Funded Activity/ College Operations” represents the core operations of the college that is funded primarily by provincial grants and tuition fees. This grouping includes all program costs for each school, facilities costs, and other corporate and administrative costs and is directly aligned with Goal 9 of the Strategic Plan which states that we will align our funded operational expenditures with provincial funding.

The next three groupings entitled Contract Activity, College Ancillary Services and International Education Centre are the non-funded business units that traditionally provide a positive net contribution to the College. These funds are used to invest in capital and other strategic investment priorities to support the strategic and business plans for the College.

Discussion/Considerations

The Financial Health Indicators, were added to the report this year to provide the Board with information on the College’s financial health according to ratios and benchmarks

developed by the Colleges Ontario Finance Officers in collaboration with staff from the Ministry of Training, Colleges and Universities.

Funded College Operations

Overall the college is maintaining its balanced funded operations. This forecast presents a \$3.1 million positive net contribution due to a net increase in revenue of \$1.8 million (1%) and a net decrease in expenditures of \$1.3 million (0.6%) related to reductions in compensation costs and the contingency budget.

Non-Funded Activities

The approved budget forecast indicated that Contract Activity, Ancillary Services and International Education would generate a positive contribution of \$9.5 million. However based on update information this target may now be at risk and is forecast at \$9.0 million. The impact of this reduction will be offset by the higher than estimated net contribution from the Funded Activity budget.

International Education Center revenue is up due to higher than expected enrolment of International students attending Woodroffe campus.

College Ancillary Services results are projected to be \$867k less than budgeted due to shortfall in the summer hoteling business at Residence and one-time costs associated with the Residence's change in management (Campus Living Centres manages the Residence effective May 2013 following a competitive bid process).

Strategic Investment Priorities Schedule

The Strategic Investments Priorities Schedule includes updated projections associated with the three new facilities constructed in recent years: Algonquin Center for Construction Excellence, Pembroke and Student Commons. These expenditures are partially offset by funds received in 2013/14 and the remainder funded from internally restricted net assets.

Other variances from the Annual Budget include the College Equipment Renewal Fund Grant, Apprenticeship Enhancement Fund Grant and expenditures from Appropriations.

Internally Restricted Net Assets

The Internally Restricted Net Assets are forecast to be lower than originally budgeted due to in-year Board decisions, including the repayment of the Police and Public Safety Institute (PPSI) debt and the changes to the Fixed Asset capitalization policy. Net Assets are estimated at \$92.7 million up \$4.0 million from the Q2 estimate of \$88.7 million.

Summary of Funded Positions

The Q3 Funded Positions Report is also attached to the 3rd Quarter Financial Report for information. Adjustments have been made to reflect new positions, eliminated positions, and positions that have been transferred. Accordingly, there are minor differences in the staff complement and an increase in the total staff complement of three positions.

Compliance

Refer to Appendix A of this transmittal report for a summary of the budget and financial projection requirements that College management references to ensure compliance with existing Board Policy and budget guidelines.

Recommendation

That the Board of Governors approves the 3rd Quarter Financial Report for 2013/14.

Measuring Liquidity: Quick Ratio

Objective:

Fiscal performance indicator testing the college's ability to pay its short term maturing obligations (e.g. biweekly payroll payments).

Benchmark:

Less than 1.00 is typically a concern because it begins to indicate that a college may not be able to meet its short term obligations.

Note: *When including surplus cash invested in longer term investments (greater than 1 year) Algonquin's Quick Ratio is at 2.1 at Q3 2013/14.*

Managing Debt: Total Debt to Assets Ratio

Objective:

Measures the proportion of total assets that are financed by debt. A high or increasing value may be predictive of future liquidity problems or a reduced ability to borrow money in the future.

Benchmark:

Greater than 35% leads to a concern as this may indicate that a college will not be able to finance their ongoing operations due to the debt burden.

Note: Compare with 2003/04 Total Debt to Assets Ratio of **52%**

Managing Debt: Debt Servicing Ratio

Objective:

This ratio measures the College's spending on servicing the debt portfolio and could be used as an indicator that the college may be over-leveraged in debt.

Benchmark:

A ratio greater than 3% indicates that the college is spending less than 97% on core services which leads to a possibility that the college may be over-leveraged with debt payments.

Note: Compare with 2003/04 Debt Servicing Ratio of **2.7%**

Operating Results: Net Assets to Expense Ratio

Objective:

A traditional indicator to ascertain the ability of a college to continue operations in the event there is a delay in revenue streams.

Benchmark:

Less than 60% may be a concern since it could indicate that a college may not have sufficient internally accumulated resources in the future to fund operations and may be heading towards a deficit position. A negative percentage indicates the college is already in a deficit position.

Note: Compare with 2003/04 Net Assets to Expense Ratio of **48%**

Operating Results: Net Income to Revenue Ratio

Objective:

This ratio is an indicator of fiscal performance that measures the extent of a balanced budget.

Benchmark:

Less than 1.5% may be a concern because it may indicate that the college may not be able to recover from a deficit position in a reasonable period of time.

Note: Compare with 2003/04 Net Income to Revenue Ratio of **(0.24)%**

Net Assets: Net Asset Summary

Objective:

To measure a net asset balance for operating purposes.

Benchmark:

Less than zero indicates an accumulated deficit.

Note: Compare with 2003/04 Net Assets Summary of **\$(5,143k)**

MEMO

B. ITEMS THE COMMITTEE HAS REVIEWED AND ACTIONED – FOR INFORMATION TO THE BOARD

1) Governor Recruitment – Call for New Members

There will be 3 vacancies on the Board as of August 31, 2014, resulting from the end of terms for Governors Orendorff, Owens, and Farber. The recruitment process has begun and a call for new members has been launched.

2) Board Evaluation Surveys

The Board Evaluation survey and the new Board Member Self-Evaluation survey will be circulated to Governors for completion during the month of February.

3) Board Chair Succession Guideline

The newly developed Board Chair Succession Guideline is presented to the Board for information.

GUIDELINES FOR SUCCESSION TO BOARD CHAIR

This guideline provides all members of the Board with an overview of the process that has been traditionally used for the succession to Board Chair. A policy has not been seen as necessary, and the Corporation's By-Laws do not specify rules or directions around the process. The succession to the Chair position is an open and transparent process, and often results in an election when several members put their names forward as candidates, or by acclamation, when only 1 candidate seeks the position.

To prepare, identify and select the best possible Board Chair for Algonquin College, the following are guidelines for the successful succession to Board Chair:

- An external member of the Board who typically has several years of experience may express their interest in the position of Board Chair to the incumbent Board Chair and/or President & CEO any time during their term of office.
- An official "Call for Interest" for the positions of Board Chair and Board Vice Chair is communicated by way of memo to all external members of the Board. The Call for Interest occurs annually in January or February.
- The Board Chair typically serves a 2-year term.
- The Board Vice Chair serves a 1-year term and is elected or acclaimed annually.
- Typically, an external member of the Board who is interested in the position of Board Chair would have held the position of Board Vice Chair or served as a Board Committee Chair for two years prior to assuming the role of Board Chair. This governance experience provides the member of the Board with an enhanced understanding of the Board Chair role.
- The Board Chair, Board Vice Chair and the three Board Committee Chairs constitute the membership of the Board's Executive Committee.

Governance Committee approval: January 9, 2014

Presentation to:	Board of Governors
Subject:	Enterprise Resource Planning (ERP) Strategy/Roadmap
Date:	February 10, 2014
Presenter(s):	D. McNair, Vice President, Finance and Administration M. Gawargy, Director, Information Technology Services A. Clermont, Senior Manager, IT Strategy, Planning & Analytics

Purpose

To provide information regarding the ERP Strategy, and seek approval to proceed with the RFP and Implementation phases for the acquisition and implementation of a unified HR, Finance and Payroll System (code-named Project Fusion).

Background

In F2012/13, ITS presented the College's ERP strategic direction with a view to 'Build from Existing' and leverage existing platforms as much as is feasible. Since then, an ERP Strategy Core Team was established to engage College stakeholders, in order to establish an agreed-to ERP Strategy, and identify a set of strategic initiatives that would support the execution of the ERP Strategy. The focus of the ERP strategy was constrained to the following key pillars:

- Human Resource Management (HRM),
- Financial Resource Management (FRM),
- Customer Relationship Management (CRM),
- Student Information System (SIS),
- Business Intelligence (BI),
- Learning Management Systems (LMS).

In F2013/14, during the early planning stage of a PeopleSoft Financial upgrade, it became evident the College needs to evaluate a new breed of ERP solutions (Cloud/SaaS - Software as a Service) now available on the market, before committing down a specific path for FRM & HRM. The new breed of ERP solution claims significant benefits, including lower total cost of ownership relative to traditional solutions, greater business agility, and faster implementation times.

An RFI (Request for Information) was issued for solutions that provide HRM

and/or FRM (HR, Finance and/or Payroll). The RFI resulted in twelve responses. Nine respondents were invited to present; eight presented. The information gathered informed the completion of the ERP Strategy guiding principles.

In December 2013, “Project Fusion” was initiated for the Human Resources, Finance and Payroll ERP acquisition and implementation. The name “Fusion” was selected to represent the process or result of joining two or more things together to form a single cohesive entity. Project Fusion is preparing the RFP which is targeted to be issued at the end of February, 2014.

The enclosed presentation summarizes the findings from the ERP Strategy initiative, and presents a specific implementation roadmap.

The 3-year SIP funding requirements for Project Fusion are as follows:

Project Fusion - SIP (Strategic Investment Priorities) Funding (\$m)		
2014/15	\$ 2.00	* Note 1
• RFP Conducted		
• Unified Solution Selected for Finance, HR and Payroll		
• Business Processes Re-Designed		
• Implementation Phase Begun		
2015/16	\$ 1.99	
• Implementation Phase Complete		
• Organizational Design Changes Implemented		
2016/17	\$ 0.06	
• Legacy Systems Decommissioned		
• Standardized Competency Based Job Descriptions Developed		
Total SIP Funding Requirement	\$ 4.05	
<i>* Note 1: The 2014/15 funding is accounted for in the SIP/CTC envelope</i>		

Recommendation

That the Board approves the 3-year \$4.05m SIP funding for Project Fusion.

Presentation to:	The Board of Governors
Subject:	2014-2015 Fees Schedules
Date	February 10, 2014
Presenter(s):	Jeff Macnab, Registrar

Purpose

To approve the fees schedules for the 2014-2015 academic year. Enclosed, please find the following proposed fees schedules for the 2014-2015 academic year and related documents:

- Sample of recommended 2014-2015 Fees by Program
- 2014-15 Fees Schedules:
 - Fees for Ministry-Funded Programs (page 1-5);
 - Ancillary Fees (page 6 -10);
 - International Student Fees (page 11-12);
 - Apprenticeship Fees (page 13);
 - Course-Related Incidental Fees (page 14-22);
 - Glossary of Terms (page 23);
- Fees Exemptions; and
- SA Compulsory Ancillary Tables

Discussion:

The proposed fees schedules have been developed in accordance with the current tuition fee framework established by the Ministry, and budget direction from the College Budget Committee and President’s Council.

In an Ontario College Market Analysis as part of the college’s 2013-2014 Tuition and Fee Review it was determined that tuition fees are generally not a differentiator in the Ontario College market. The tuition fee variance for domestic, full-time, post-secondary programs is typically 1%.

Beginning with the 2006-2007 academic year and including the 2012 -2013 academic year, the maximum allowable overall tuition increase per year was capped at 5%.

Beginning with the 2013-14 academic year and including the 2016-17 academic year, the ministry has capped tuition increases at an overall maximum of 3%.

Given the above, the most notable changes are as follows:

The recommendation, contained in the fees schedules, is to apply a **3% tuition increase** to all Post-Secondary, Graduate Certificate and Applied Degree programs with the exception of the Outdoor Adventure and Outdoor Adventure Naturalist programs (0% increase). The resulting overall domestic tuition fee increase for 2014-15 is 2.97%.

Other Tuition Fees:

	2013-2014	2014-2015	Percent Change
Full-Time Tuition Short Weekly Rate	\$71.24	\$73.37	+2.99%
Part-Time Hourly Rate per Student Contact Hour	\$6.06	\$6.24	+2.97%

International Tuition Fee Premiums:

(3% overall tuition limit does not apply)

	2013-2014	2014-2015	Percent Change
Full-Time International Premium (Regular and High Demand)	\$4,600.00	\$4,775.00	+3.80%
Full-Time International Premium (Graduate Certificate and Bachelor Degree of Applied Studies Programs)	\$3,800.00	\$3,975.00	+4.61%

Compulsory Ancillary Fees:

The Students' Association (SA) Board has approved changes to Compulsory Ancillary Fees. MTCU policy allows for a maximum annual increase of 20% in Compulsory Ancillary Fees. Increases in excess of 20% require a student referendum. This year's increases are well under this threshold and total 14.3%, increasing fees from \$866.02 to \$989.96 annually (two terms).

Of the \$123.94 annual fee increase \$40.00 represents an increase in Students' Association fees, \$6.94 in health plan insurance fees and \$77.00 is attributed to an increase in the College IT fee (no increase since 2009), the introduction of a new Student Experience fee and a decrease of \$5.00 in the transcript fee (one-time fee).

Prior to these increases, Algonquin was 7th lowest in the Ontario College market for Compulsory Ancillary Fees. It is anticipated Algonquin will not move above mid-range within the system with the new fees. Preliminary fee increase estimates for this same set of Compulsory Ancillary Fees for 2015-16 is 2.9%.

	2013-2014	2014-2015	Percent Change
Full-Time Student Activity and Sports Fee	\$220.50	\$240.50	+9.07%
Full-Time Student's Association Health Plan Fee	\$117.02	\$123.96	+5.93%
Full-Time IT Fee	\$62.00	\$86.00	+38.71%
Transcript Fee	\$25.00	\$20.00	-20.0%
* Student Experience Fee	\$0	\$17.00	N/A

* The purpose of the Student Experience Fee is to actively engage Algonquin College students outside of the classroom and enrich their overall college experience, through an enhanced orientation program, educational and engaging campus events; and volunteer/experiential opportunities for personal growth both on and off campus.

Changes for full-time online students:

The Students' Association Board has approved exemptions totalling a minimum of \$881.92 annually (two terms) to the following compulsory ancillary fees for students registered in full-time online programs. The rationale for the fee exemption is based on the premise the fees apply to the "bricks and mortar" experience and could not be justified for our full-time online students.

	2014-2015 Per Term
	Exemptions
Student Activity/Sports Fee	\$240.50
Student Commons/Auditorium Fee	\$22.00
Student Centre Building Fee	\$17.50
Health Plan Fee	\$123.96
Health Services Fee	\$20.00
New Student Experience Fee	\$17.00
Per term Total	\$440.96
Annual (2 term) Total	\$881.92

Recommendation:

That the fees schedules be approved by the Board of Governors with the following motion:

RESOLUTION

That the Board of Governors approve the fees schedules, as presented, for the 2014-2015 academic year in accordance with current ministry policy.

FEES 2014-2015 GLOSSARY

ANCILLARY FEES*

Fees for items not covered by the tuition fees established for a course or program of instruction that students may be required to pay upon enrolment. Categories of ancillary fees are approved by the Ministry and are outlined in this operating procedure. Compulsory ancillary fees are ancillary fees that a student is required to pay in order to enrol or successfully complete any course or program of instruction eligible for general purpose operating grant support.

GENERAL PURPOSE OPERATING GRANT*

The portion of the provincial operating grant for colleges that is distributed among colleges on the basis of each college's share of reported enrolment in courses and programs of instruction eligible for funding.

HIGH DEMAND PROGRAM OF INSTRUCTION*

A program of instruction eligible for general purpose operating grant funding for which colleges have the discretion to charge fees above the maximum permitted for regular-fee programs. This discretion is allowed for applied degree, graduate certificate or Baccalaureate of Nursing programs and/or for basic programs which have been determined to meet each of the following three criteria:

1. there is high demand for instructional space;
2. graduates have above-average prospects for employment; and
3. graduates have the potential to earn an above-average income.

INTERNATIONAL STUDENT*

A foreign national who meets the requirements that authorize enrolment in an educational institution in Canada established under the Immigration and Refugee Protection Act.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)*

A process that uses a variety of tools to help learners reflect on, identify, articulate, and demonstrate past learning. Prior learning can be acquired through study, work, and other life experiences that are not recognized through formal transfer of credit mechanisms.

TUITION FEE FACTOR (TFF)*

Each post-secondary program is assigned a tuition fee factor by the Ministry. With few exceptions, the tuition fee factor is 1.0 for one-year programs, 2.0 for two-year programs, 3.0 for three-year programs and 4.0 for four-year programs. The annual tuition fee is the fee that would be paid by a student in a program with a tuition fee factor of 1.0 per academic year consisting of two semesters.

TUITION FEE INCREASE

Tuition fee increases apply to the previous year's fee for the applicable cohort.

FEES EXEMPTIONS

2014-2015

1. Students Exempt from the International Premium

International Students are exempt from international student tuition premiums under certain conditions, as determined at the time of the student's enrolment in a college course or program of instruction. Exempt students as identified below, are to pay the regular, or high demand tuition fees and their enrolment is eligible for base funding.

Categories of individuals exempt from international student premiums are as follows:

- Canadian citizen: a citizen of Canada as defined in the *Citizenship Act* or a person registered as an Indian as defined in the *Indian Act*.
- Permanent resident: a permanent resident as defined in the *Immigration and Refugee Protection Act*. For the purposes of this policy, a permanent resident is a person who has been admitted to Canada as a permanent resident and has not had this status revoked.
- Applicant who meets the eligibility requirements for permanent residency status: a person who has met all the preliminary requirements for permanent resident status and presents a copy of the letter that confirms that Citizenship and Immigration Canada has accepted his or her application for permanent resident status.
- Spouse or dependant of a Canadian citizen or permanent resident.
- Protected person: A person who has been determined to be a Convention refugee or a person in need of protection by the Immigration and Refugee Board (IRB) or by the Minister of Citizenship and Immigration Canada. A student eligible for international fee exemption as a protected person is to present a protected person status document issued under section 31(1) of the *Immigration and Refugee Protection Act* or a "notice of decision" issued by the Minister of Citizenship and Immigration Canada or by the Immigration and Refugee Board.
- Applicant for Convention refugee status prior to 1989: a person admitted to and remaining in Canada, who applied for Convention refugee status prior to January 1, 1989, and his or her spouse and dependants. The applicant must provide documentation from Citizenship and Immigration Canada indicating that his or her application for Convention Refugee status was made prior to January 1, 1989, or a letter indicating his or her exemption from the requirement for employment authorization. All refugee claimants who applied for Convention refugee status prior to 1989 should have been issued this letter.

- Official visitor and family member and staff: an official visitor is a foreign representative who, with official accreditation from the Canadian Department of Foreign Affairs and International Trade, has entered Canada or is in Canada to carry out official duties:
 - As a diplomatic agent or consular officer; or
 - As a government-accredited representative or official of a country other than Canada, of the United Nations or any of its agencies, or of any intergovernmental organizations of which Canada is a member.
 - A spouse or dependent family member or a member of the staff of any official visitor is also exempt from international student premiums. This official visitor status must be indicated on the student's Visa/Passport.
- Foreign military and spouse or dependent family members: a member of a foreign military force or of a civilian component thereof, admitted to Canada under the *Visiting Forces Act*, and the family members of such personnel.
- Foreign clergy member and spouse or dependent family members: a person who will be providing services to a religious congregation in Ontario for at least six months and the family members of such personnel.
- Institutional exchange student: a person admitted to and remaining in Canada under provisions of the *Immigration and Refugee Protection Act*, who is studying in Canada under a formal agreement between a provincially assisted institution in Ontario and a post secondary institution in another country, provided that, under such agreement, the number of places made available in post secondary educational institutions in Ontario normally equal the number of places made available to Ontario residents in the other country or institution as the case may be.
- Foreign worker and family members: a foreign worker is a foreign national who is authorized to work in Canada having been issued a work permit. For purposes of this category, a foreign worker is to present a valid work permit which names a Canadian employer situated in Ontario and the prospective occupation, and is valid for at least six months. The family member must present the foreign worker's work permit. If a student has a work permit without naming a specific employer situated in Ontario, the student and his/her family members are not exempted from international student fees.

Family members are defined consistent with the regulations under the Immigration and Refugees Protection Act for purposes of exemption as:

- a spouse or common-law partner;
- a dependent child, or the dependent child of a spouse or common-law partner, visa must note any relationship claimed; and
- a dependent child of the dependent child referred to above. Visa must note any relationship claimed. Children of common-law spouses must have been claimed on the previous year's income tax.

A dependent child is a child who is a biological child who has not been adopted by a person other than the spouse or common-law partner, or an adopted child, and who is in one of the following situations of dependency:

- under age 22 and not a spouse or common-law partner.
- enrolled continuously at a college, university, or other educational institution and dependent substantially on the financial support of the parent since before age 22 or since becoming a spouse or common-law partner if that occurred before age 22; or
- a person with a disability who has been financially supported substantially by his or her parents, and who is unable to be self-supporting because of the disability. Documentation of disability and inability to be self-supporting must be provided.

Where changes to federal legislation and regulation immigration and refugee status are in conflict with the fee exemption eligibility requirements described in this document, federal legislation and regulation are to take precedence.

If a requirement for fee exemption eligibility is met partway through a semester, the exemption is to apply to the next semester of the student's enrolment.

Note: If the student fails to provide documentation to the college for an exemption situation that occurred prior to the start of the term, the exemption will become effective in the next/subsequent term.

Where the status of a student who was eligible for exemption from international tuition fees changes partway through his or her program of instruction due to circumstances beyond the student's control (e.g., as in the case of the dependant of a diplomat whose parent is reassigned to another country), the exemption is to continue while the student completes the original courses or program of instruction for which he or she was granted exemption from international student fees. The continuation of the fee exemption does not apply to any other course or program of instruction that the student may undertake following completion of the original course or program.

2. Students Exempt from the Student Activity/Sports, Student Commons/Auditorium and Student Centre Building Fee

- 2.1** Students whose programs call for off-campus study for the whole term – Co-op or clinical placement programs, for example – pay only 10% of the Student Activity/Sports and Student Centre Building Fees for that particular term.

Business Plan & Annual Budget 2014-15

DRAFT February 4, 2014

ALGONQUIN
COLLEGE

PRESIDENT'S LETTER

Dear Colleagues,

I am honoured to present to the College community the 2014-15 Business Plan and Annual Budget, the result of a maturing process aimed at ensuring all stakeholders feel engaged and consulted in the setting of the institution's annual priorities. Changing client expectations, shrinking government funding, shifting demographics, and the rise of competitive alternatives will continue to place a heavy emphasis on the need for transformation, both across the sector and at Algonquin.

Fortunately, the College has a long history of adapting to the changing needs of the marketplace. As an example, Algonquin was the first Ontario college to embrace the use of technology, realizing early on that investments in IT had the unique ability to improve access, increase quality and lower costs. This willingness to lead has been a hallmark of the institution, and the skills and culture that have allowed Algonquin to be an early adopter in so many areas will become increasingly more important in the years ahead.

The initiatives detailed and funded in our 2014-15 Business Plan and Annual Budget continue the efforts begun over the last few years to broaden the markets we serve and prepare ourselves for the ongoing transformation of higher education.

This year, the College Leadership Council identified four areas of particular priority;

- Student Success and Retention
- International
- Digital
- Employee Engagement and Innovation

Student Success and Retention

The greatest effort and investment in this year's business plan and budget is focused appropriately on enhancing our commitment to applied education and student success. To ensure the entire college community is aware of the academic directions being set, each School and Institute will draft and share their respective vision and business plan. 2014-15 will also continue our efforts to make available work-integrated learning (WIL) activities to all interested full-time students, expanding co-ops, internships, placements, applied research and volunteer opportunities.

The coming year will also see the College make significant investments in both academic equipment and new facilities. Renewed efforts on the fundraising front will be matched by a request to use a small portion of the college's accumulated surplus to enable the repatriation of the Hairstyling and Esthetician programs from Confederation High School and support the launch the first phase of our a Healthy Living Education initiative.

In support of our students, 2014-15 will see the college host its first Student Success Symposium, shining the light on best practices being implemented by leading faculty and staff, both at Algonquin and at other leading institutions across North America. Armed with new insights, the College will work to implement its Strategic Enrollment Plan, craft a student success plan, and with the invaluable support of the Students' Association improve the overall student experience.

International

With our recently updated vision for international education, the coming year will see the college focus its efforts on both offshore and onshore activities. Abroad, our sights are set on putting into practice a revised program quality assurance process, delivering on our commitments in Saudi Arabia, and opening our new campus in Kuwait. Domestically, we will look to offset expected declines in Canadian enrollments brought on by demographic changes with an increase in recruitment of students from around the world. Aligned with this effort is a commitment to invest in the required services and employee training needed to ensure all students receive the support they need to be successful.

Digital

This coming year will also see the College set aside time for a broad college-wide discussion on the opportunities and challenges brought on by advances in technology. The impact of technology on higher education has and will continue to be significant. Taking the time to listen to those most affected by the changes is an essential step in charting our future path.

At the same time that we work on a renewed digital strategy, we will continue to make investments in areas we know bring great value to our stakeholders. In 2014-15, we will work to improve the reliability of our wireless network, finish the conversion of appropriate mobile learning programs, expand the e-textbook initiative and work to eliminate time consuming paper-based processes.

Perhaps most exciting, 2014-15 will usher in the launch of the Institute for Digital Education at Algonquin, a research-driven incubator that tests, scales and shares emerging educational pedagogies and technologies.

Employee Engagement and Innovation

Over the past few years, no area of the College has had a greater amount of focus than employee engagement. The 2014-15 Business Plan continues that commitment with plans to formally complete the priorities established by the Employee Engagement Tiger Team. In addition, we will expand professional development across the college and continue to grow our commitment to open leadership. At Algonquin, we realize our greatest differentiator is the talent of our employees and believe it is critical that we continue to invest in this area. In conclusion

While too numerous to mention, the initiatives detailed and funded in the 2014-15 Business Plan and Annual Budget continue our efforts to deliver on the strategies and targets set out in the 2012-17 Strategic Plan. They tackle head-on the challenges and opportunities faced by the fast-changing higher education market while moving us a step closer to realizing our vision of being “a global leader in digitally-connected applied education and training”.

Please join me in thanking all those who have worked so diligently on our behalf. To all those who attended departmental planning sessions, prepared countless documents, and worked on the College’s Budget Committee, you have our sincere appreciation.

Yours sincerely,

MISSION, VISION AND VALUES

Algonquin's organizational philosophy is defined by its mission, vision and core values. Through the course of the recent strategic planning process, stakeholders paid tribute to the current set of College values believing they accurately reflect the principles and beliefs shared by the community. At the same time, they encouraged the College to revise the current mission and vision statements to more accurately reflect our aspirations for the future.

The following are intended to serve as points of inspiration and provide clear differentiation from other colleges, carefully articulating our purpose.

OUR MISSION

To transform hopes and dreams into skills and knowledge, leading to lifelong career success.

OUR VISION

To be a global leader in digitally-connected applied education and training.

OUR VALUES

Caring

We have a sincere and compassionate interest in the well-being of the individual.

Integrity

We believe in trust, honesty and fairness in all relationships and transactions.

Learning

We believe in the pursuit of knowledge, personal growth and development.

STRATEGIC PLAN 2012 - 2017

At Algonquin, we believe students learn best by applying knowledge through experience. We believe that understanding is not a destination but rather the product of a lifelong 'knowledge journey', made richer and more compelling when mixed with the power of technology. Experiential education is about being able to utilize new concepts in non-textbook contexts; to conceptually make sense of complex, real-world situations and to express such concepts meaningfully to others. Such learning also gives students the opportunity to improve their life skills – self-direction, collaboration and teamwork, information gathering, and clear communication.

These are the traits today's employers seek in their employees. This kind of technologically enhanced, experiential knowledge fuels economic growth and community prosperity. It is the fundamental speciality of Algonquin College and the foundation of our aspiration to be The Connected College offering the greatest range of choices for all students. Today's economic realities make delivering on this mission increasingly more challenging. This Strategic Plan addresses the current fiscal realities head on, seeking to be efficient stewards of public funds while building a strong financial foundation from which to make strategic investments which will enhance the overall experience of our students.

To deliver on our mission and vision we have identified 4 strategic pillars and 12 supporting goals. These commitments guide our strategic priorities and budget process.

APPLIED EDUCATION AND TRAINING

- Goal 1:** Deliver an exemplary applied education and training experience.
- Goal 2:** Create a unique suite of programs, products and services geared to meet the needs and expectations of our clients and students.
- Goal 3:** Leverage technology to enhance the educational experience
- Goal 4:** Provide opportunities for every full-time student to have a work experience outside of the classroom.

STUDENT AND CLIENT SUCCESS

- Goal 5:** Deliver exceptional service to our diverse student and client populations.
- Goal 6:** Leverage technology to automate and modernize our business processes, fostering an environment of continuous improvement.

EMPOWERED PEOPLE

- Goal 7:** Attract, develop and retain employees who have the knowledge and skills to be fully contributing members of the College.
- Goal 8:** Create and foster an environment in which the College's model of leadership competencies and behaviours is supported.

FINANCIAL SUSTAINABILITY

- Goal 9:** Align our funded operational expenditures with provincial funding
- Goal 10:** Expand non-funded opportunities to increase revenue.
- Goal 11:** Leverage strategic business partnerships to meet the capital needs of the College.
- Goal 12:** Create the technological foundation to align with the digital direction.

Annual Budget 2014-15

DRAFT February 4, 2014

ALGONQUIN
COLLEGE

TREASURER’S REPORT OF THE 2014-15 ANNUAL BUDGET

In compliance with both Board of Governors direction and Ministry operating directives, the 2014-15 Annual Budget returns a net operating surplus and maintains the College’s commitment to balancing government funded activities with expenses.

The 2014-15 Annual Budget also provides the College with the resources required to deliver on the commitments detailed in the 2014-15 Business Plan and the College’s 2012-17 Strategic Plan.

At the same time, the College’s annual budget preparation process concludes with a budgeted net contribution of (\$2,655,000), the result of President’s Council’s request to use internally restricted funds to finance needed capital investments and strategic investments through accumulated surpluses.

Accumulated Surplus

Last year, the College concluded fiscal year 2012-13 with a net contribution of \$6.1 million, which exceeded the 2012-13 Approved Budget surplus of \$3.3 million by \$2.8 million. In addition to various operating savings, this positive variance was achieved primarily due to securing greater than budgeted enrolment growth (5.5% actual vs 3.5% budgeted) and not utilizing contingency budgets.

The College has consistently achieved surpluses and grown its accumulated surplus balance over the past 9 years in the Internally Restricted Net Asset accounts. These funds are managed and grown to provide resources to fund Strategic Investment Priorities that will enhance the overall experience of students.

Business Plan Priorities Aligned with the College’s Strategic Plan

This year, in alignment with the direction confirmed in Algonquin’s 2012-17 Strategic Plan, the College Leadership Council identified four key areas of priority:

- Student Success and Retention
- International
- Digital
- Employee Engagement and Innovation

Through a business planning process that continues efforts to engage all areas of the College, a series of major initiatives aimed at addressing improvements to academic facilities, student services and business process automation were identified that require the drawing down of funds from internally restricted accounts.

The President is submitting a recommendation to the Board of Governors to approve spending from the College’s Specific Reserve funds for the following significant capital projects in 2014/15:

	Expenditures from Internally Restricted Funds - Specific Reserves	Total Project Budget
Enterprise Resource Planning Project (Finance/Human Resources)	\$ 2,000,000	\$ 4,050,000
Dental Programs Facilities/Re-Patriation of HairStylist and Esthetician Programs to Woodroffe Campus	\$ 3,500,000	\$ 6,700,000 *
College Ancillary Services - Residence Upgrades, Point-of-Sale/Accounting Software System, Equipment Renewal	\$ 1,400,000	\$ 1,400,000
Total Expenditures from Internally Restricted Funds - Specific Reserves	\$ 6,900,000	<i>* Design in progress, scope and final estimated costs still under development</i>

General Reserve Funds

The 2014-15 Annual Budget also includes a provision to increase the General Reserve Funds by \$2 million. Additional contributions to General Reserve Funds will be realized as cash donations are received to return funds utilized to complete construction of the new Perth and Pembroke campuses and the Algonquin Centre for Construction Excellence.

The sale of the former Pembroke campus is still pending and is not reflected in this annual budget. Once this property sale has been finalized, the College will update its financial projections to reflect the impact on its Statement of Operations and internally restricted net assets.

Refer to the Net Assets Continuity Schedule for more information on budgeted contributions and expenditures from Internally Restricted Funds.

Unrestricted Net Assets	\$ 1,000,000
Internally Restricted Net Assets	
Appropriations	1,000,000
Specific Reserves	
Other Projects and Initiatives	6,183,000
Ancillary Services Reserve Fund	5,427,000
Infrastructure Renewal Fund	250,000
Employment Stabilization Fund	560,000
Other Student Aid	16,000
Contingency Reserve Fund	7,636,000
General Reserve Funds	26,248,000
Total Unrestricted and Internally Restricted Net Assets	\$ 48,320,000

Challenges and Opportunities Facing the College

Delivering a budget that returns a net operating surplus has not been without its challenges. In March 2012, the Ontario Government accurately predicted that our economy would experience lackluster expansion. In 2013, the Province re-stated its commitment to eliminating the Ontario deficit by 2017-18 and followed through on planned reductions to Ontario colleges funding. The annualized impact of these reductions to Algonquin's 2014-15 base funding is approximately \$4.5 million.

Provincial Budget Measure	Algonquin Impact	
	2013/14	2014/15
International Student Recovery Fee	\$ (442,125)	\$ (936,908)
Elimination of Small Northern and Rural Grant	(922,425)	(1,844,850)
'Policy Levers' - Operating Grant Reductions	(807,522)	(1,745,543)
International Student Municipal Tax	(86,000)	(86,000)
TOTAL IMPACT ON ALGONQUIN COLLEGE	\$ (2,258,072)	\$ (4,613,301)

* Note: The Ontario Special Bursary Program was also eliminated and replaced by the Ontario 30% Tuition Grant.

More positively, Algonquin saw enrolments to the College increase 5.5% year-over-year, with the majority of these increases coming as a result of new program development, online offerings, and international enrolments. Recent Ministry restrictions placed on new program development and projected demographic declines will continue to place pressure on the College to think creatively and look for new ways of transforming education.

Assumptions

A number of assumptions were made in the preparation of estimates to be included in the budget. A list of the most significant assumptions for 2014-15 follows:

Revenues

- Grant projections are based on the assumption that the existing College Funding Framework (released in June 2009) for operating and enrolment growth grants will be extended for a sixth year and will be funded at the reduced rates most recently communicated by the Ministry;
- Tuition fee rates for funded programs has been budgeted with a 3% increase;
- Enrolment growth in full-time post-secondary programs is projected to increase by 3% over 2013-14 enrolment levels due to growth in existing programs, the launch of new programs, and improved retention; and
- The following other non-funded revenue sources have been updated to respond to the projected enrolment changes, the economy, international opportunities and anticipated market conditions:
 - o Contract Activity
 - o International Premium and Tuition
 - o College Ancillary Services

Operating Expenditures

- Wage increases for all faculty and staff will not exceed the current range of wage increases in the public sector;
- The College will augment its existing faculty complement with additional hires to accommodate projected enrolment growth; and
- Other expenditures will increase at a rate consistent with the rate of inflation.

Funding for Strategic Investment Priorities

Through the alignment of operating revenues and expenditures within the Province's funding and tuition fee framework, the College is able to direct contributions from non-funded activities to strategic investment priorities. Priority setting has been based on investments that are deemed to be 'essential', support the College's strategic directions, renew curriculum and develop new programs, deliver high quality instructional equipment for students, and mitigate the risk of physical and technological infrastructure failure.

TREASURER’S REPORT OF THE 2014-15 ANNUAL BUDGET

More specifically, the annual budget provides funding for the following initiatives:

- Adapt teaching environments to accommodate students with mobile devices as part of the mobile learning program project;
- Developing additional hybrid courses, online programs, graduate certificates and degree programs to meet the needs of today’s student;
- Continue with the launch of the e-text strategy for students that will result in lower costs for students and provide increased flexibility for learning;
- Launch the acquisition and implementation of a unified Finance and Human Resources Enterprise Resource Planning system;
- Initiate upgrades to the dental programs facilities
- Repatriate Hair Stylist, Hairstylist Apprenticeship and Esthetician programs and facilities to the Woodroffe campus (design and final cost estimates still under development);
- Enhance and expand the College’s client relationship management system;
- Implement strategies to improve employee engagement; and
- Continue to upgrade and improve the service and reliability of wired and wireless networks.

Risks

We believe that this budget is reasonable under the circumstances. The following identifies and assesses major risks:

THANK YOU TO THE COLLEGE BUDGET COMMITTEE

I would like to conclude by thanking all of those involved in the development of the Annual Budget for their hard work and ongoing commitment to the College, with a special mention of the efforts of the College Budget Committee (CBC):

- Linda Rees (Chair), Dean, Centre for Continuing and Online Learning
- Michelle Curran (Recorder), Budget Officer, Centre for Continuing and Online Learning
- Cathy Dempsey (Resource), Director, Finance and Administrative Services
- Mike Gawargy, Director, Information Technology Services
- Glenn MacDougall, Director, Learning and Teaching Services
- Peter Mackie, Director, Sales and Student Recruitment
- Jeff Macnab, Registrar
- Diane McCutcheon, Director, Labour Relations
- Doug Ouderkirk, Executive Director, Academic Operations and Planning
- John Tattersall, Director, Physical Resources

Re-configured in 2012, the CBC was established to deepen awareness, foster cross-unit collaboration, and broaden responsibility for tackling the financial challenges and opportunities facing the College. Through the dedication of the members of the CBC, we have achieved what we set out to accomplish - deliver a balanced budget while setting the College on a path for a more engaged budget process.

Duane McNair
Treasurer and Vice-President, Finance and Administration

2014-15 PRO FORMA SUMMARY Financial Health Indicators - Net Assets

Net Assets: Net assets Summary

Objective:

To measure a net asset balance for operating purposes.

Benchmark:

Less than zero indicates an accumulated deficit.

Note: Compare with 2003/04 Net Assets Summary of **\$(5,143k)**

2014-15 PRO FORMA SUMMARY Financial Health Indicators - Operating Results

Operating Results: Net Assets to Expense Ratio

Objective: A traditional indicator to ascertain the ability of a college to continue operations in the event there is a delay in revenue streams.

Benchmark: Less than 60% may be a concern since it could indicate that a college may not have sufficient internally accumulated resources in the future to fund operations and may be heading towards a deficit position. A negative percentage indicates the college is already in a deficit position.

Note: Compare with 2003/04 Net Assets to Expense Ratio of **48%**

Operating Results: Net Income to Revenue Ratio

Objective: This ratio is an indicator of fiscal performance that measures the extent of a balanced budget.

Benchmark: Less than 1.5% may be a concern because it may indicate that the college may not be able to recover from a deficit position in a reasonable period of time.

Note: Compare with 2003/04 Net Income to Revenue Ratio of **10.24%**

2014-15 PRO FORMA SUMMARY

Financial Health Indicators - Debt Management

Managing Debt: Total Debt to Assets Ratio

Objective: Measures the proportion of total assets that are financed by debt. A high or increasing value may be predictive of future liquidity problems or a reduced ability to borrow money in the future.

Benchmark: Greater than 35% leads to a concern as this may indicate that a college will not be able to finance their ongoing operations due to the debt burden.

Note: Compare with 2003/04 Total Debt to Assets Ratio of 52%

Managing Debt: Debt Servicing Ratio

Objective: This ratio measures the College's spending on servicing the debt portfolio and could be used as an indicator that the college may be over-leveraged in debt.

Benchmark: A ratio greater than 3%

indicates that the college is spending less than 97% on core services which leads to a possibility that the college may be over-leveraged with debt payments.

Note: Compare with 2003/04 Debt Servicing Ratio of 2.7%

2014-15 PRO FORMA SUMMARY Financial Health Indicators - Liquidity

Measuring Liquidity: Quick Ratio

Objective:

Fiscal performance indicator testing the college's ability to pay its short term maturing obligations (e.g. biweekly payroll payments).

Benchmark:

Less than 1.00 is typically a concern because it begins to indicate that a college may not be able to meet its short term obligations.

Note: When including surplus cash invested in longer term investments (greater than 1 year) Algonquin's Quick Ratio is at 2.0 for 2014/15.

Presentation to:	Board of Governors
Subject:	2014/15 Annual Budget
Date:	February 10, 2014
Presenter(s):	Duane McNair, Vice-President, Finance and Administration

Purpose

To present the proposed 2014/15 Annual Budget for Board of Governors' approval.

Background

The Ministry of Training Colleges and Universities requires Ontario colleges to prepare an annual budget to be submitted by June 30th each year.

In 2013, management recommended to the Board of Governors that the Budget be approved annually in February in order to ensure that staff could begin projects that align with the Business Plan, in the first quarter of the fiscal year.

The attached Proposed Annual Budget includes key assumptions for capital, operating and business plan requirements that will require the use of Internally Restricted Funds.

Discussion/Considerations

Management presents an annual budget in compliance with operating directives issued by the Ministry of Training Colleges and Universities and the Board of Governors Financial Management policy. This annual budget has maintained the commitment to balance government funded activities with expenses and produced a net operating surplus of \$6.6 million. To address timely, strategic initiatives, management proposes using additional expenditures from internally restricted funds that will result in a net contribution of \$(2,655,000).

(all figures in \$ 000's)		Annual Budget 2014/2015

In 2012, the Board of Governors directed College management to produce budgets that aligned Funded Activity/College Operations operating expenditures with operating revenues. Management has achieved this requirement and has, in fact, developed a Funded Activity/College Operations budget with a projected \$7.7 million surplus.

In addition, the Board of Governors has directed College management to produce budgets for its Non-Funded Activities that result in operating surpluses to fund Strategic Investment Priorities. This year, the annual budget projects Non-Funded Activities surpluses of \$13.8 million to fund many areas of strategic importance to the College

(Strategic Investment Priorities).

Management has identified a series of other important projects that will enhance the student experience and transform College processes resulting in operating efficiencies. Over the past nine years, the College has grown its accumulated surpluses to more than \$50 million, in part, to fund such initiatives.

Please refer to the Annual Budget 2014/15 document for more information.

Recommendations

1. That the Board of Governors approves the 2014-2015 Annual Budget.
2. That the Board of Governors approves the use of up to \$6.9 million in internally restricted funds for an enterprise resource planning system, dental program facilities upgrades, re-patriation of HairStylist and Esthetician program facilities to Woodroffe campus and for Ancillary Services upgrades to the residence, point-of-sale accounting system and equipment renewal.

MANAGEMENT SUMMARY REPORT
FEBRUARY 10, 2014**

AREA 1 – HUMAN RESOURCES

ORGANIZATIONAL EFFECTIVENESS

Job Posting Summary

Since April 1, 2013 to January 16, 2014 the Recruitment Team has 223 posted competitions. Breakdown is as follows:

Academic	81
Administrative	44
Support	98
Total	223

**Note: Includes part time and reposted information.*

Community Engagement

The Recruitment team participated in an Employment Accessibility Resource Network (EARN) session. This session discussed barriers and strategies to increase meaningful employment opportunities for people with disabilities in Ottawa and the National Capital Region.

Succession Planning

President’s Council will review “at risk” critical and key positions, in April, and develop strategies mitigating these risks.

Part-time Employees: Electronic Time Sheets

Electronic time sheets have been rolled out to part-time employees across the college. Human Resources conducted an audit at the end of January to verify the success of the initiative and obtain feedback on the process. Analysis is now being completed.

Request for Proposal for an HR, Finance & Payroll ERP:

The HR team is working in collaboration with ITS and Finance to develop a Request for Proposal for a new integrated HR Information System/Enterprise Resource Planning System. The project is called “Project Fusion”. The team is planning to have the RFP on MERX by the end of February.

COMPENSATION, PENSION & BENEFITS (CP&B)

SOS International and AIG policies are now in place for all employees who travel outside of the country on behalf of the College. Human Resources is recording the travel of the employees on HRIS as well as communicating with the employees regarding their coverage and access to SOS information on travel and security in their specified area of travel. We have had one information meeting on the SOS employee tracker that will, when fully implemented, allow us to locate employees anywhere in the world should there be a crisis by using a phone app.

As of January 1, employees who work other than full time hours are able to join the pension plan without a waiting period or eligibility criteria. 54 part time employees have registered.

CENTER FOR ORGANIZATIONAL LEARNING (COL)

Twenty Part-time Faculty Orientation sessions were offered to 881 part-time faculty registrants from December 2 to January

7, 2014.

All three levels of the Algonquin Leadership in Education Institute (ALEI) are being offered in Winter 2014.

Level I - Leadership Development (16 participants),
Level II - Advanced Leadership Development (16 participants), and;
Level III - Organizational Leadership (12 participants).

Support Staff PD: 147 support staff attended the support staff Professional Development offerings, November 25 to December 6, 2013.

Management Development workshops are being offered by HR staff and an outside consultant, January to March 2014, with 5 offerings each of *Managing in a Unionized Environment*, *Having Difficult Conversations* and *Employee Performance Management: A Step-by-Step Guide to Best Practices*. Development of a comprehensive Management Academy continues with a roll-out date of September 2014.

The theme and keynote speakers for the 2014 Kaleidoscope Conference have been determined. Call for workshop proposals will go out to the College community on January 27. Information on the conference can be found at www.algonquincollege.com/Kaleidoscope.

TALL Program Open House held January 15, over 30 professors attended.

TALL course offerings for Winter 2014 include:

TTA 5501 – Teaching Adults: Getting Started
TTA 5502- Learning Theory and Managing the Learning Environment
TTA 5506 – Teaching Practicum
TTA 5507 – Strategies for Effective e-Learning
TTA 5509- Presentation Skills

In Pembroke:

TTA5501 – Teaching Adults: Getting Started

LABOUR RELATIONS

As of January 20, 2014 there are 20 active Support Staff grievances and 9 active Academic grievances which are ongoing through the Step process.

ACCESSIBILITY

In November and December, one-hundred and fifteen staff attended one of the 15 Lunch and Learn sessions regarding the importance of creating accessible documents.

AREA 2 – FINANCE & ADMINISTRATION

Finance and Administration Services

The Finance and Administrative Services Department, in collaboration with the College Budget Committee, have completed the draft 2014-15 annual budget to be presented to the Board of Governors for approval in February 2014.

Other projects currently in progress:

**BOARD OF GOVERNORS
MANAGEMENT SUMMARY REPORT
FEBRUARY 10, 2014**

- Algonquin College is one of five Ontario Colleges working collaboratively on a Request for Proposal (RFP) for Banking Services with the Ontario Education Collaborative Marketplace (OECM). The RFP was issued in late October and closed December 10, 2013. Proposals have been reviewed by the evaluation team and bidder presentations will occur in mid-February.
- Project is underway to roll-out a new and improved Finance and Administrative Services website to enhance communication and client service.
- Finance and HR have implemented the automated timesheet form and process. This will have a positive impact on over 500 employees and aligns with the 2013-14 Business Plan - Goal SC 6.1 Automate business processes to enhance productivity and efficiency.

PHYSICAL RESOURCES**Healthy Living Education**

- In December 2013, the business cases were prepared for the Healthy Living Education – Phase 1 initiatives (Dental Clinic Renewal and the Confederation / Massage Therapy relocation) and submitted to the Board of Governors for approval.
- Stakeholder engagement sessions were conducted to develop the Project Vision and Principles for the Healthy Living Education – Phase 1 – Building A Health and Wellness node for the Spa and Massage Therapy Clinics. The functional program for the Building A initiative was also completed and the design phase was launched.
- In January 2014, the draft Project Vision and Principles were finalized for the Healthy Living Education – Phase 1 – Building A Health and Wellness node for the Spa and Massage Therapy Clinics.

Summer Renovations

- Preparation has begun for the summer renovation project season.

INFORMATION TECHNOLOGY SERVICES**Strategy, Planning and Analytics**

- Finalized Enterprise Resource Planning (ERP) Strategic Plan and Recommended Implementation Roadmap, with first phase aligned with proposed 2014/15 Budget.
- Initiated “Project Fusion” for the RFP phase of the Human Resources, Finance and Payroll ERP acquisition and implementation. The name “Fusion” was selected to represent the process or result of joining two or more things together to form a single cohesive entity.

Applications

- HRIS (Human Resources Information System) delivered a release in December to support 2014 CRA and CAAT Pension changes.
- SIS (Student Information System) team delivered OEN (Ontario Education Number) Enhancement, 2014W eText update; OCAS changes to support the 2014 Application cycle, and modified Student Directory for OC Transpo (including Nunavut students).
- Co-op Portal Application release 4.0 successfully delivered.

Service Delivery & Infrastructure

- Continued effort placed on improving the College’s wireless network performance and reliability. Average peak usage during term now exceeds 10,000 concurrent devices, and wireless Internet usage on average is at 60% of consumed bandwidth (up from 40% on average last year). A vendor of record has been selected through a public tender for the

**BOARD OF GOVERNORS
MANAGEMENT SUMMARY REPORT

supply of Aruba products and services.

- Several network infrastructure upgrades occurred to the College's core network and Internet infrastructure over the Christmas shutdown to provide improved capacity and reliability.
- The Woodroffe campus was increased from 900 Mb/s to 1.6 GB/s of bandwidth.
- A new Virtual Desktop Infrastructure (VDI) version was released to students. The new environment doubles the number of concurrent virtual desktops available (to 200) and provides access to many of the College's standard academic applications.
- A Telecommunications RFP was completed and the transition of services to the new contracts is underway.
- ITS continues to provide support and guidance to the new campus in Saudi Arabia.

Information Security, Data Privacy and IT Policy

- Participating with other Colleges on IT Disaster Recovery using funding from the MTCU PIF (Productivity and Innovation Fund) initiative.
- Provided security requirements regarding acquisition of new Electronic Medical Records (EMR) application.
- Initiated a project to create a College security standard covering the use of SSL to secure certain College websites.
- Provided Payment Card Industry - Data Security Standard (PCI-DSS) training to College Risk Management Committee (CRMC) members.

COLLEGE ANCILLARY SERVICES (CAS)**Innovative Initiatives**

- Ancillary Services is continuing to develop a strategic plan and balanced scorecard. Our next steps are to engage community stakeholders through a series of meetings and town halls. Our goal is to have completed the consultation process and the final document before the end of March.
- Retail Technology research has been initiated. The goal is to determine the best Point of Sale (POS), inventory control application and customer relationship software solution to meet the current needs and anticipated growth over the next 5 to 7 years within Algonquin College. This will enhance the E-text delivery experience for the user pay model.
- Print Services is in the process of developing a Print Management Strategy. The next steps include consultations with end-user groups, receive College Print Policy approval, Procurement (RFP) and implementation.
- Parking Service has just completed a comprehensive report which will serve as a foundation as parking implements new technologies and services to meet the demands of the Woodroffe Campus.

Financial Success

- The overall financial performance within Print, Parking, Retail and Food Services remains stable and on target at Q3.

Customer Experience

- Retail Services is working closely with Learning and Teaching Services. The Campus Store and The New Technology Store are both setup as E-Text Support Desks. Professional-looking signage has been provided along with training for staff. Both locations have seen an increase in traffic as a result of this.
- CAS delivered the 2013/14 annual customer service survey to capture important feedback from the campus community and develop metrics. There were 490 responses. Feedback and results are being incorporated into the CAS business

**BOARD OF GOVERNORS
MANAGEMENT SUMMARY REPORT

planning processes.

Employee Growth and Learning

- A CAS Retreat took place on December 17, 2013. The management team focused on the Strategic Plan and Retailing trends.
- Ongoing training is taking place between Food Services and Conference Services to support the organizational direction of aligning roles in these two areas.

REGISTRAR’S OFFICE

Registration Statistics

Full-time Registration in Post-Secondary/Graduate Certificate Programs

For the 2014 Winter Term, as at January 17, 2014 (10-Day Count), the net registered post-secondary and graduate certificate students numbered 16,413 or 104.1% of the projected enrolment. Further details are noted in Appendix 1 – Area 3: Student Services, at the end of this report, and also found at the following link:

students. In total, just under 600 Student Access Guarantee students will be receiving a total of \$690,500.00 in SAG funding. The average SAG disbursement is \$1,150.

Admissions Letters

The electronic applicant in-process communication was launched on December 18. Limited GeneSIS letter logic functionality, applicant expectations of quick, electronic communications on these time-sensitive matters, combined with the rising costs of postage made moving to electronic communications a high priority.

Applicant letters were transferred into an e-letter format to include updated text, live links and more client friendly wording, which was facilitated by the absence of limitations on text length. Reports were developed, frequency mailing guidelines were entered into the Microsoft Access database and fine-tuning was done to other processing requirements.

In addition to providing more information with these emails, reminders are sent every two weeks, advising applicants to take any needed next steps to proceed with their applications. Hard copy GeneSIS letters will only be printed and mailed once to the applicant. The new system has now replaced the mailing of 30,000+ letters annually. Initial feedback from stakeholders is very positive.

In conjunction with this new email notification process, the Registrar’s Office has set up acknowledgement “Critical Information” emails to all new applicants using the Salesforce Marketo client relationship management software. This email to new applicants is branded with new logo College graphics and contains active links to services and important tips on next steps in the application process. To date, over 6,000 emails have been sent to applicants for the 2014 Fall Term.

Offer Letters

The Registrar’s Office is working with Marketing to produce an updated information insert to be included with the 2014 Fall offer letters for mailing to applicants beginning the week of February 5. The offers will be mailed in a custom  graphic-overprinted envelope similar to last year. The insert will be two-sided this year with an admission next-step side and the flip side focusing on the mobile, multi-device message.

Start-of-Term Winter 2014

As a snapshot, the Registrar's Office will examine the week of January 6. During that week the Contact Centre answered 4,278 telephone inquiries which compares to 3,571 for the same period last year. For in-person service, 4,887 clients were served compared to 4,989 the first week of class in Winter 2013. Although 102 fewer clients were served, the average waiting time in 2014 was 17 minutes and 8 seconds, compared to an average wait time of 28 minutes and 22 seconds in 2013.

Client Service hopes that continued communication to returning students to pay their fees on time will assist in decreasing the volume of in-person service requirements as 2,166 (44%) of the clients were here to pay or defer fees to allow registration to take place.

Fees

A new Ministry of Training, Colleges and Universities (MTCU) Tuition and Ancillary Fees policy was provided in December. Significant changes to the existing fee policies/practices are required, primarily related to tuition deposits and fee due dates. The Committee of Registrars, Admissions and Liaison Officers (CRALO) have requested a system-wide rollout of the changes in 2015-16. CRALO is awaiting a response from MTCU regarding the request. CRALO has recommended that a consistent approach be adopted across the system for all Ontario colleges, including implementation of the new tuition framework for the 2015-16 academic year.

Alumni Relations

- 175 Algonquin College Retirees attended the Retiree Holiday Social on December 4, 2013. This was twice as many as 2012.
- Over 200 faculty, staff and Alumni gathered on November 16, 2013 to celebrate the Applied Museum Studies 40th Anniversary.
- Inaugural Industry Talks speaker series event was held on November 27, 2013, and was well received: 6 panelists, successful alumni from the College Business-Marketing program, spoke with over 60 current students and alumni to provide insight into how to accelerate their careers.

Foundation

Brenda Rothwell, Executive Director of the Algonquin College Foundation was awarded one of Algonquin College/Ottawa Senators "Community Heros of the Game" on January 2, 2014.

STUDENT SUPPORT SERVICES

Aboriginal Cultural Events

The Mamidosewin Centre hosted an average of six events per week during the period between November 18 and January 10, 2014.

Mamidosewin Centre Gathering Space

The Mamidosewin Centre continues to be a popular gathering place for Algonquin students who feel comfortable in a space reflective of a diverse range of Aboriginal cultures. One important facet of the Mamidosewin Centre is the team of Aboriginal Student Leaders who help convey the message that the Centre is a welcoming and respectful space for all Algonquin students. During the period between November 18, 2013 to January 10, 2014, the Student Leaders invested over 250 hours into the Mamidosewin Centre and facilitated or participated in over thirty social and cultural events. This leadership role not only benefits the students who visit the Centre, but also provides these leaders with a valuable personal growth opportunity.

Centre for Students with Disabilities (CSD)

The CSD had a 25% increase in the usage of the Test Room for the 2013 Fall semester and final assessment week, as compared to the same time period in 2012. This is consistent in terms of the increase in student numbers that CSD has seen over the past semester.

Co-Curricular Record

The Co-Curricular Record (CCR) Program continues to experience growth. All three campuses are demonstrating ongoing support and interest in the program. Rural campus outreach, extensive advertising and Woodroffe Campus outreach activities have resulted in a very impressive uptake. The comparisons are outlined below:

Co-Curricular Record Statistics (as of January, 2014)			
	2013-14	2012-13	Variance
CCR Recognized Activities	154	65	137%
CCR Recognized Positions	190	81	135%
Approved CCR Validations	804	355	127%

Counselling Services

The types of services offered by Counselling Services can be defined as:

- a) Direct Client Support (Intake/Triage Assessment, Counselling Sessions, and Prospective Student Advisement).
- b) Outreach Activities (student and employee workshops, educational events, and awareness campaigns).
- c) The Tragic Event Response Team (TERT).

**BOARD OF GOVERNORS
MANAGEMENT SUMMARY REPORT
FEBRUARY 10, 2014**

Direct Client Support

Key Service Metrics (November 18, 2013 to January 19, 2014):

Key Service Indicator	2013	2012	Variance
# of Counselling and Intake appointments available	1,761	1,312	34%
# of appointments requested by students	1,463	1,135	29%
# of Counselling and Intake appointments completed	1,034	783	32%
# of students meeting with a Counsellor or Intake Worker	519	485	7%
% of those students entering Counselling Services for first time	76%	70%	6%
% of requests for Counselling and Intake appointment that could not be granted due to a schedule conflict	14%	12%	2%

The increases in the number of Counselling and Intake appointments available and completed during the current reporting period is likely due to an increased awareness of student mental health issues which has increased the demand for Counselling Services and the addition of the Intake Interview process which has increased access to Counselling Services.

The following provides a summary of the most common reasons for students accessing Counselling Services:

Common Issues Reported by Students Entering Counselling Services and Frequency of Reports					
Mental Health Distress	Career or Program Indecision	Academic Distress	Interpersonal Distress	Financial Distress	Other Issues
24%	39%	19%	15%	1%	2%

It is important to note that, during the November 18, 2013 to January 19, 2014 reporting period, 46 (18%) of the students accessing Counselling Services for the first time were provided with an immediate appointment because the level of urgency related to their issue was high, with 8 (3%) of these appointments provided because the student presented with a self-disclosed risk of suicide. These values are comparable to those in the previous year.

Counselling Services also completed 30 minute information sessions with 171 prospective students seeking advisement with career planning and program selection; compared with 223 during the same period in the previous year. This 30% reduction in service is largely due to a shift in the allocation of counselling staff away from prospective students to meet the growing demand of enrolled students.

Outreach Activities

Counselling Services hosted a memorial on December 6, to commemorate the deaths of 14 women at École Polytechnique in Montreal in 1989. The event was held on the main floor of the Student Commons and was intended to raise awareness of the issue of violence against women and promote safety for the Algonquin community. Representatives from several community organizations participated in the event, including the Ottawa Rape Crisis Centre, Sexual Assault Support Centre, Interval House, the Odawa Native Friendship Centre, Ottawa Coalition to End Violence Against Women, and Women’s Initiatives for Safer Environments (WISE).

MANAGEMENT SUMMARY REPORT
FEBRUARY 10, 2014****Tragic Event Response Team (TERT)**

The TERT was contacted just after assessment week in December following a house fire that resulted in the death of a former student and the displacement of a second student. TERT worked with representatives from the Developmental Services Worker program to support affected students.

Open House

Counselling Services hosted an Information Open House for Algonquin employees on January 14, 2014. The purpose of the event was to provide college employees with a greater awareness of the range of high quality support services that Counselling offers to students. The event was held in Counselling Services, was catered by representatives from the School of Hospitality, and was attended by over 60 Algonquin employees.

Health Services

Algonquin College assisted the highest number of students from all universities and colleges in Ontario to quit smoking during the 2013 Fall semester. Sixty-six Algonquin students received nicotine replacement therapy out of the total 600 students in Ontario in the "Leave the Pack Behind" program.

Choose Your Ride

On December 4, the Health Promotion team held an event to discourage drinking and driving for students celebrating the end of the semester and Christmas holidays. Participating community partners included Ottawa Police/Paramedics, MADD Ottawa, OPP, Coventry Connections (Taxi), and Gervais Towing, who provided vehicles to stage a mock accident outside the Student Commons. Hospitality students served mocktails to students and staff who attended.

Student-led Flu Clinic

Health Services supported flu clinics held on four dates in November in partnership with fourth year BScN students. A total of 1,410 people were vaccinated against influenza, reflecting a 14% increase over the clinics held last year.

Health Promotion Advisory Committee

Fourth year BScN students developed and recruited a student advisory board to engage students across the Woodroffe campus to participate in health promotion discussions. The committee consists of nine students and met in December 2013 and January 2014.

Knit'n'Knatter

A drop-in knitting group was formed in September 2013. Crafts such as knitting and crocheting in a group setting provide many health benefits that contribute to positive mental health.

Mental Health Steering Committee

The Mental Health Steering Committee is currently working on a theme and strategy to encompass all activities related to positive mental health and engage students in the process of de-stigmatizing mental illness. Stress relief booths were organized during exam week in the Fall semester.

The 9th Annual Health Care Job Fair was hosted for the first time in November (November 18) this year instead of January, and was held in the Student Commons lobby. Sixteen employers and three internal College departments participated.

Student Affairs and Orientation

Winter Orientation was hosted on January 3, 2014, in the Student Commons Theatre. Approximately 543 students, or 49% (1103 students registered for 2014 Winter Term) registered to attend this year's Winter Orientation 2014. These figures are comparable to the Winter Orientation 2013 with an attendance of 550. This year the event was held on a Friday, during the week of New Years; typically orientation falls the week after January 1. The keynote speaker was Daryn Jones from MTV.

Phase I (of 3 Phases) of the digital Student Handbook project was introduced during the Winter Orientation session on January 3rd. The first digital version of the Student Handbook is now available on Blackboard under the Resources/Services tab and on the Student Affairs and Orientation Website. In phases 2 and 3, the digital sophistication of this handbook will continue to evolve.

Currently, the Student Affairs and Orientation manager is working in collaboration with the International Education Centre to customize a version of the Student Handbook which could be used at the College's international campuses in Jazan and Kuwait by Fall 2014.

The trend seems to indicate that fewer faculty members are using the electronic grading service during this period and are perhaps opting for other assessments due to the limited nature of a Scantron question and answer test/exam format.

Welcome Centre

On December 19, the Welcome Centre team spent the afternoon volunteering at “Operation Come Home” an organization that has been working with street-involved youth in Ottawa and across Canada since 1971. While there, the team received a tour of the facility and provided support in sorting donations, re-organizing clothes cupboards, preparing meals, and routine cleaning. This was a great team building activity and a meaningful way to give back to our community.

Student Success Service

As part of a Retention Proposal, the Student Success Specialist in Student Support Services is leading a Peer Mentorship Pilot Project. The initial phase (2013 Fall Term) concluded with feedback surveys completed by both the Mentors and the Protégés. One hundred percent of the Protégés who responded to the survey indicated that the Mentorship Program should continue to grow; 75% indicated having a Mentor was of benefit to them as they commenced their studies at Algonquin College. Mentors also provided positive feedback for the program’s development through the survey they completed.

Student Success Committee – Volunteer Task Group

The Volunteer Task Group is a working group within the College-wide Student Success Committee, chaired by Michel Savard, Dean, School of Hospitality and Tourism. This working group, co-founded by the Student Support Services Student Success Specialist, Dan Cuddy, identifies and works to develop potential solutions from small to medium scale barriers to student success. From mid-November to mid-January, the Volunteer Task Group worked with faculty areas and academic departments from Woodroffe, Perth and Pembroke Campuses to develop an informative and user-friendly timeline and “checklist” with the goal of making this tool available to incoming entry-level students in the 2014 Fall Term.

The mobile SID was operational 26 hours per week until the completion of the 2013 Final Assessment Week. Given the positive feedback, the mobile desk will remain operational in this location throughout the 2014 Winter Term.

Library

Video Streaming

Algonquin has joined seven other college libraries in the Video on Demand (opt-in) service provided by the Ontario Colleges Library Service (OCLS). The first streamed offering will be the complete suite of Mosby Nursing Skills videos, 4th edition, 2013. These online videos will be available both on and off campus. A library account is required for remote access as it is with other online Library resources.

Peer Tutoring

The Peer Tutoring Centre is moving forward with an online tutoring service to support the mobile student population.

Student Learning Centre

WIRED sessions to familiarize level one student's (2014 January Intake) to Blackboard Live@AC and ACSIS are now complete.

Office of the Director

Two full days of Mental Health First Aid Training was provided to 23 College and Residence staff by facilitators from Humber College on December 16 and 17, 2013. This was a Ministry funded project.

Business Operations

In early January the Business Operations Team implemented the SSS internal payroll process to follow the new College practice whereby all part-time staff are now submitting timesheets electronically.

AREA 5 – ACADEMIC

Algonquin College in the Ottawa Valley

The College and the Canadian Wildlife Federation (CWF) have signed a Memorandum of Understanding that encourages both organizations to partner whenever possible to promote outdoor education to college students through the sharing of curriculum, resources and subject matter experts. The partnership will allow the CWF and the College to cross-promote their programs, engage in applied research activities, provide more certifications to students concerning conservation and wildlife, and allow for more access to some of the world's leading experts who study issues that affect wildlife all around the world.

Algonquin College in the Ottawa Valley is involved in seven applied research projects which involve six community partners, ten students and five faculty. Special mention of the KI Nature and Wellness Trail Development project which received

Algonquin Centre for Construction Excellence (ACCE)

Hydro One has released a brief in their "Connected" community report that is distributed to all Hydro One households in Ontario about the Women in Electrical Engineering Technology program delivered by ACCE with the support of Workplace and Personal Development Department. This program is sponsored in part by Hydro One and the Leacross Foundation.

Career and College Access Centre

During the months of November and December 2013, the Academic Referral Advisors had one-on-one client meetings with a total of 231 prospective postsecondary students. They also met with 106 applicants in the College Test Centre following the completion of admission assessments. Of these 106 applicants, 59 were not successful on the admission assessments and the advisors were able to offer alternative plans for these individuals. A plan to enhance the profile of the service and the program on the College website and in printed materials is in development.

School of Health and Community Studies

In January, the School received approval from the Ministry of Citizenship and Immigration for the two year extension of the Here2Help Project for Internationally Educated Nurses (IENs). This is a continuation of the work the School has been doing and will allow for increased flexibility of the program delivery, the integration of more simulation into the practice experiences, and increase the specialty options for these nurses.

In collaboration with the Schools of Nursing across Ontario (Queens University is the lead), the College was successful in securing funds for simulation equipment and educational materials from the Productivity and Innovation Fund from the Ministry of Training, Colleges and Universities. Algonquin, as a partner with the University of Ottawa, will receive over \$300K for equipment and simulation scenario development to enhance patient safety outcomes.

Police and Public Safety Institute

The Veterinary Technician program has signed a Memorandum of Understanding with the Ottawa Spay/Neuter Clinic to provide experiential learning opportunities for students in the program.

Applied Research and Innovation

Applied Research Day 11.2 held in December 2013 was a resounding success. This 4th Annual Showcase had approximately 25 projects displayed and 420 participants and attendees.

Workplace and Personal Development

Workplace and Personal Development (WPD) Department hosted a demonstration/exhibit of the "1st to Attend" Smart App to students in the Student Commons on January 7, 2014. Positive feedback was received from over 400 students who experienced the new mobile application.

The WPD Department presented the Experienced Worker Centre (EWC) Dashboard and Ontario Integrated Local Labour Market Planning (OILLMP) tools at EWC Open House to more than 40 employment service providers across the city and to sixty college staff at a separate internal event. The EWC dashboard highlights undersubscribed College programs that have good labour market potential.

Student/Alumni Activity

Two Pembroke Campus students, Katarina Pavlica of Outdoor Adventure Naturalist and Manas Saksena of Forestry Technician, presented at the annual general meeting of the CCICUN (International Union for Conservation of Nature) on January 16, 2014 in Ottawa. This opportunity for the students to provide a youth perspective on conservation, sustainability and public park protection came from the recent Memorandum of Understanding signed with the Canadian Wildlife Federation.

At the semi-annual in December, Academic Upgrading Achievement Awards ceremony, a record number of (35) Academic and Career Entrance (ACE) Certificates (Grade 12 equivalency) were awarded. The Preparation for Health Sciences program held their graduation ceremony at the Restaurant International with 48 students completing the program. The College's Practical Nursing program will welcome 29 of these graduates in January 2014.

Students in the Broadcasting – Television program surprised OC Transpo riders with a Christmas flash mob on a bus during the holiday season. The event was posted to YouTube and drew thousands of viewers. This type of activity has become a tradition with the students.

Twenty-nine Police Foundations students and 9 Pre-Service Fire Fighting students volunteered in excess of 60 hours of their time during the annual Salvation Army Christmas Kettle Campaign. This campaign funds Emergency Disaster Services almost entirely, in addition to supporting the operations of the Salvation Army in Ottawa. It is the largest fundraiser for the year and this year, with the assistance of the students, they exceeded their goal and raised nearly \$550,000.

Students in the Child and Youth Worker program participated in the Right for You campaign to raise awareness for the need to increase mental health-related services, treatment and support for children and youth. The students collected over 1,600 signatures on the campaign petition which will be presented to local, provincial and federal politicians. This advocacy effort added to the 11,191 signatures collected across Canada.

Chefs Austin and TingTing Chen, both graduates from the Culinary Management program 2012, have opened their own establishment, Miso Japanese Restaurant on Bank Street.

Four teams from the Green Architecture program have registered in the NESEA Student Design Competition (SDC). Algonquin College is the only Canadian College or University entry and will be competing against Harvard Graduate School of Design (MA), Keene State College (NH), Northeastern University (MA), Rowan College (NJ), Temple University (PA), UMass Amherst (MA), Worcester Polytechnic Institute (MA) and Yale School of Architecture/Yale Climate and Energy Institute (CT).

The IEEE Algonquin College Student Branch has been recognized by the IEEE Ottawa Section with the 2013 Outstanding Student Branch Award for organizing events and increasing the branch membership.

Faculty/Staff Activities

Chris Melmoth, Professor, Outdoor Adventure program received his Master's degree in Tourism Management from Royals Roads University in November 2013. In so doing, he was awarded the Chancellor's Award.

Richard Briginshaw, Professor, Green Architecture program, was awarded the Algonquin Centre for Construction Excellence (ACCE) Award in December 2013. Richard was recognized for the work he has done for ACCE and for the Solar Decathlon competition.

Community Activity

A number of program areas raised funds in response to the devastating events in the Philippines: Students and staff at the Pembroke Campus raised \$878.35 for the Canadian Red Cross Society. Perth Campus students in the new Sustainability Club were instrumental in organizing a Spaghetti Dinner and Silent Auction to benefit Disaster Relief via the Red Cross. Faculty and students in the Baking and Pastry Arts, and Tourism and Travel Programs raised \$765.

The Pembroke Campus was the Platinum sponsor for the Upper Ottawa Valley Chamber of Commerce Awards Gala on January 25, 2014. The College presented the prestigious Life Time Achievement Award at the Gala.

The General Arts and Science – Introduction to Music Industry program brought Brett Wilson, formerly of the television show, *Dragons' Den*, to the College on January 30, 2014. Arrangements were made to invite students from across the college to attend. This activity builds on the work being done to promote innovation, entrepreneurship and philanthropy.

The Tanzania 2014 project is underway with five faculty members from the School of Health and Community Studies and the Police and Public Safety Institute leading this inter-professional service-learning trip. Eighteen students have been chosen to participate. The group will travel to Tanzania in June to train birth attendants in supporting babies within the first minute of life. The group will also work with the birth attendants' children and visit Project TEMBO, a not-for-profit agency that supports the empowerment of girls and women through providing micro-business loans and educational opportunities.

In late November, the Nursing Studies Department, the Applied Research Department and CapCHI (Computer-Human Interaction in the Ottawa Area) hosted over 80 faculty, students, and industry and community partners for World Usability Day. Attendees saw a live health care simulation followed by a presentation about the latest health care technologies to improve patient safety from Dr. Glen Geiger, CMIO, The Ottawa Hospital.

Police Foundations students at the Perth Campus led by their Coordinator, Gerry Salisbury created the Perth Campus' float entry into the Smiths Falls, Carleton Place and Perth Christmas parades. The entry won the award for the "Top Commercial Organization" float in the Carleton Place parade. They also held their first annual "Stuff-a-Cruiser" event on November 28, 2013 to benefit the Table Food Bank in Perth which received over 800 items.

Masonry students at the Perth Campus partnered with the community of Beckwith Township to have the Prospect United Church repointed. The students were able to acquire practical experience while the Township was able to continue with the restoration of the historical church.

The Advanced Housing students from the Perth Campus donated a garden shed they had constructed to the Lanark County Therapeutic Riding Program. The program provides an internationally-recognized holistic approach to therapy, rehabilitation, recreation and the opportunity to experience freedom and movement astride a horse.

On December 24, 2013, over 200 volunteers cooked and served a full turkey dinner, with all the trimmings, for over 1400 guests at four community centres around Ottawa. Mission.

Students in the School of Hospitality and Tourism were busy in November and December raising funds for a variety of charities:

- The Bachelor of Hotel and Tourism Management students raised over \$2500 for the Ottawa Food Bank, as well as \$1600 for the Easter Seals
- Culinary Management students raised \$449 to support Schoolbox, a registered Canadian Charity that helps children access primary education in Central America
- Bartending students raised \$1473 for the Humane Society

On December 3, 2013, the School of Advanced Technology and the Algonquin Centre for Construction Excellence participated in the annual High School Skills Canada-Ontario Cardboard Boat Races. This event provides high school students with the opportunity to find out more about design, engineering and construction trades through a fun competition.

Business Development, in cooperation with the School of Hospitality and Tourism and the Police and Public Safety Institute, spearheaded an Ottawa Senators event in November 2013 with approximately 130 attendees to create awareness for and promote the Algonquin College Healthy Living for the Future initiative. Algonquin College students provided demonstrations on health and wellness during the event and they received good feedback.

Donations

The Ottawa New Car Dealers Association (ONCDA) has donated six brand new GM V8 engines, two matching carburetors, and two matching distributors to be used for student training.

Pratt and Whitney has donated a serviceable jet engine to be used by the students in the Aviation Techniques – Maintenance program.

Fall Open House

Working in collaboration with the Event Manager, the Recruitment Team hosted our largest event of the year, the 2013 Fall Open House, on November 7. The morning session targeted high school students and the evening session targeted non-directs. Total estimated attendance is the same as in 2012.

A trade-show style presentation of all Algonquin programs and services was set up in 4 locations throughout the campus, including displays by CCOL and our Perth and Pembroke campuses. In addition, we held 39 program-specific activities during the morning session and 35 program-specific activities in the evening. These included class visits, presentations and lab tours. 87% of respondents from a post-event external survey gave overall event satisfaction the highest two ratings (scores of 4 and 5). This is a 10% increase over last year's external survey results.

Inside Sales

Student Ambassadors are hired to make calls to prospective students and encourage them to apply to the college. This new initiative was established in January 2013 and as such, no year to year comparisons are available. Marketing and CRM Teams to introduce Salesforce in Jazan. The goal is to automate lead collection, lead management, telemarketing efforts and better manage the enrolment process.

Perth Campus

Student Recruitment completed a Perth Campus Labour Market Report and provided it to the Dean of Perth and the Dean of Academic Development. This report was part of a broader effort of completing a Perth Recruitman Plan.

Experiential Learning Sub-Committee – Children’s Aid Event

In association with the Workforce and Personal Development Department and the Experiential Learning Sub-Committee for Youth, the Recruitment Team organized an event for Children’s Aid on December 9th. The event brought in 20 youth in care and their foster parents. Throughout the day, they participated in hands-on activities, including making pizzas and caesar salad with chefs from the Culinary Management Program. In addition, they learned about our Recreation and Leisure Program and were given a presentation by both students in the Police Foundations program and the Ottawa Police Service. Parents enjoyed the day touring the campus and residences and were given presentations from Financial Aid and Student Support Services.

During December, Marketing continued to work with the Registrar’s Office, again sending out the Critical Information Sheet emails through Marketo. Marketing improved on the process created last year, and with the Genesis integration with Salesforce, automated the process to send the email out to applicants. To date, 8,600 emails have been sent, with an open rate of 76.7% and a click rate of 51.8%, improving on last year’s rates of 68.5% open and 49.8% click, respectively.

Over the Christmas break, Marketing sent an email to push prospects to applications. It was sent to 14,275 leads, and had an open rate of 41.1% and a click rate of 23.4%, driving 1,323 prospects to the Algonquin website.

Graduate Certificate and Degree Advertising

As a part of the efforts to improve applications for 2014, Marketing launched a digital campaign for grad certificates and degrees. This initiative includes Facebook, LinkedIn and Marketo emails to current students.

Email Nurture Campaign

New graphics and landing page designs were completed that offer a Student Survival Tips document for download, supporting the ongoing Marketo recruiting initiatives.

**BOARD OF GOVERNORS
MANAGEMENT SUMMARY REPORT
FEBRUARY 10, 2014****Fall Advertising Campaign**

Three ad concepts continue to run on various media (busboards, transit shelters, cinema, and digital networks). The campaign generated 1,952 external web visits between October 14 and December 31, 71% of which were new visits. Digital marketing to New England states (a new test market) generated 252 web visits during that period.

To date, Bell VEVO, ABC Spark and CTV Pre-roll (ads that appear before web-streamed TV programs) have performed well, generating 58% of all campaign web visits during the October 14-December 31st period.

Digital ads were created for placement in Ottawa Senators-related media opportunities, supporting the fall campaign initiatives.

Registrar's Office Publications

Three booklets - Testbook, Getting Started, and You've Been Accepted - were completed for distribution. Also, a Letter of Acceptance Package (print and web) concept was designed to help increase the number of registrants who have applied and been accepted or conditionally accepted. Various print packaging concepts were designed with a theme/messaging to support a landing page that would further promote the Algonquin brand via future students' website and social media.

Viewbook

A new creative approach was finalized for the 2014 Viewbook. The approach positions editorial content within a magazine-style framework, designed to improve readability and interest. Deans have been contacted to engage in scheduled interviews with Viewbook editors, explaining the particular attributes of respective schools to a non-specific audience.

Environmental Graphics

The branding collateral for the C-building lobby, LTS, and School of Media design are all completed and approved with minor updates. Installation set to begin January 20th. The Rosser Boardroom graphics has been approved by PC, we will be proceeding with the final artwork.

Program Marketing Campaign

In November and December, the Program Marketing campaign for 2013-2014 ramped up. Two programs launched in October and the remaining fourteen programs launched in November. Advertising tactics included: paid search campaigns on Google Adwords and LinkedIn, program-specific webinars, and information sessions.

In November and December, four events took place – one on-campus information session for the Bachelor of Hospitality and Tourism Management (BHTM) and three webinars – BHTM Management, Broadcasting – Radio, and Business (Pembroke). The webinars generated between 10 and 30 registrants. A formal advertising strategy for webinars will be drafted in January, based on the tactics used during the pilot, in order to maximize the registration for these events. The BHTM information session was very successful. Advertising tactics included: email messages to Fall 2014 applicants, Hospitality Management graduates, and Hospitality leads; messages on the Algonquin College website, Facebook and Twitter promotion, and a print ad in The West Island Gazette (Montreal).

In 2014, the program marketing campaign will ramp up, with an increased spend in online advertising and more events. There will also be an expansion of the campaign to include programs needing additional support for the Fall 2014 intake.

CRM

In November, the CRM team continued to move forward on its two major projects – Service Console (ITS) and the Employee

Portal (Advancement/HR). In support of both these projects, as well as the broader CRM initiative at the College, the CRM Department along with members of Advancement, Information Technology Services, and Learning and Teaching Services, traveled to the annual Salesforce conference in San Francisco.

At the four-day conference, Doug Wotherspoon – Executive Director, Advancement and Liz Babiak – Social Media Community Officer, each delivered presentations with colleagues from other institutions about our development and use of Salesforce at Algonquin College. The rest of the team spent their time attending conference sessions, networking with peers from other higher education institutions, and meeting with potential vendors and consultants, in order to gain knowledge and best practices.

For the Service Console project, discovery meetings were held in November and December with project stakeholders in order to finalize the scope, identify project team members and their responsibilities, and estimate the work and timeline of the project. Three vendors were contacted and the process of vetting their experience and suitability for the architecture and implementation of this project began.

For the Employee Portal project, four vendors were contacted to learn more about the different ways to build an employee portal. In addition, research and reporting on the current state of Algonquin College’s Faculty and Staff Portal was completed. As part of this effort, an Employee Portal advisory committee was formed in December.

In November and December, the CRM Team continued to support current system users, including Advancement, Corporate Training, and Workplace and Personal Development. A CRM system was built and delivered to the Jazan campus in order to support their recruitment efforts.

President’s Coffee Break

The President’s Christmas Coffee Break was held on Wednesday, December 18 in the Students’ Association Observatory Lounge at the Woodroffe, drawing in 350 faculty and staff to chat informally with President MacDonald. Attendance was the same as 2012.

Draft International Education Strategic Plan Town Hall

The Department organized a Town Hall to present the draft International Education Strategic Plan to the internal College community on Friday, November 8 at 10:00 a.m. in the Marketplace Food Court. Approximately 170 employees attended the event – 38% from faculty, 18% from support staff, and 44% administration, and there were 13 online viewers. International Education Centre Director Ernest Mulvey was the emcee, President MacDonald provided opening remarks, and Vice President Claude Brulé presented the plan. Following the presentation of the draft plan, the floor was open to questions from the audience.

Remembrance Day

The College hosted its annual Remembrance Day ceremonies on Monday, November 11 in the Marketplace Food Court. SA President Sherline Pieris presided over the event which included laying four wreaths on behalf of 1) Faculty and Staff 2) Friends and Family 3) Students, and 4) Aboriginal soldiers. Once again this year, the ceremony was enhanced with the Canadian Forces GIS students, joined by the Firefighter, Paramedic and Police Foundations students, standing on guard for the ceremonial procession. The National Anthem was sung in both official languages by Major Mark Phillips, Deputy Commandant, School of Military Mapping and former Algonquin professor.

President’s Council Town Hall

The Department organized the first President’s Council Town Hall on Wednesday, December 4 from 10:00 to 11:30 a.m. in room CA105. In keeping with recommendations from the Employee Engagement Tiger Team to increase the flow of communication within the College, the purpose of this event was to encourage open dialogue on topics of employees' choice. The Town Hall was the first of two Town Halls planned for the 13/14 academic year. (The next is Wednesday, March 19 at 8:30 a.m.)

An external facilitator was brought in to preside over the event. Approximately 250 employees were in attendance - 33% Faculty, 24% Support Staff, and 43% Administration, and there were 64 online viewers. A post-event survey completed by 178 employees provided the following level of satisfaction ratings:

	Low	2	3	4	High
Overall Experience	0%	0%	7%	47%	46%
Comfort Level Asking Questions	4%	7%	25%	33%	31%

Ryan Farm and City View Stakeholders Open House

Working in collaboration with Councilor Rick Chiarelli’s office, the College hosted an open forum-style event for Ryan Farm and City View residents. The event was held on Wednesday, December 4 in room E133 of the new Student Commons. Approximately 70 residents were in attendance. Executive Director Advancement Doug Wotherspoon was the emcee for the event and facilitated an open Q&A session following a College Master Planning presentation given by Phil Rouble, Associate Director, Facilities Planning and Sustainability. Councilor Rick Chiarelli and President MacDonald each provided official remarks and also fielded questions from the residents.

Solar Decathlon Reception

On Friday, December 13 from 5:00 to 7:00 p.m., the College hosted a special reception in honour of the faculty and staff from Algonquin's, Carleton's and Queen's Solar Decathlon Team Ontario. Approximately 70 team members from the three institutions attended the event. Vice President Claude Brulé welcomed the group and congratulatory remarks were provided by President Kent MacDonald (Algonquin), President Roseann O’Reilly Runte (Carleton), and Principal Daniel Woolf (Queen’s). Following the speeches, each student Team Ontario member was presented with a recognition certificate signed by all three of the Presidents/Principal.

Christmas Dinner Dance

Working with a volunteer group of employees, the College hosted a Christmas Dinner Dance in the Marketplace Food Court on Saturday, December 21. This was the first dance held in three years. Approximately 165 people (including a table of 8 retirees) enjoyed a first-class buffet served by the Food and Beverage team, and then danced the night away to music provided by Quality Entertainment.

Presentation to:	Board of Governors
Subject:	AC Social Media Infographic
Date:	January 30, 2014
Presenter(s):	Doug Wotherspoon

Purpose

To receive Algonquin's 2013 Social Media Infographic.

Background

The attached infographic was created to showcase Algonquin's 2013 social media landscape and provide employees with a deeper understanding of the College's activity on social media. The infographic highlights the year's community growth, increased year-over-year interactions, audience demographics, and an overview of the top College-affiliated accounts by channel and followership.

The infographic will be published on the new [AC Social Media Hub](#), a new social media learning website for employees. The document will also be shared with College leadership and other key social media stakeholders.

Recommendation

Provide the infographic on an annual basis.
