

How to Get Help with Mapping Revisions

How to Get Help with Mapping Revisions

When you have questions about the mapping revision process or functionality in COMMS, please contact the COMMS mailbox (email COMMS@algonquincollege.com).

Support personnel will triage or review your email and will contact you.

If this is a business process concern or issue then the Academic Development team will be informed and they will contact you.

Please ensure that you identify how to contact you and provide a brief description of the issue that you are experiencing. It is always helpful if you include screen shot(s) of an issue, if relevant.

Thank you!
