

Business Planning and Management

HCRA Approved Course | HCRA Exam Included

**2 DAYS or
4 HALF DAYS**

Attend this course if you:

- Want to learn more about the construction process
- Are interested pursuing a career path in construction management
- Are a builder or vendor applying for a license as a first-time applicant who needs to meet competency requirements put in place under section 38 of the New Home Construction Licensing Act, 2017 (NHCLA)

DESCRIPTION

This course provides an overview of the planning and general management needs of a residential construction business. Bringing together the disciplines of organization, product /marketing and finances into a coordinated framework for running a construction business in the most professional way. Emphasis is on explaining business fundamentals, and how they relate to a smooth operation. The objective is to free business owners from administrative detail by providing tools and understanding to build an organization that can get things done and support them in their more critical role of developing the business.

This is a 16-hour classroom course presented over two full days or four half days of instruction.

TOPICS WILL INCLUDE

- Your reasons for being in business, what you want to achieve and your role
- How to develop business and product plans
- How to develop an organizational plan
- Financial elements of a business plan
- The day-to-day of running a successful business

HCRA COMPETENCY EXAM

This HCRA Competency course helps prepare you for the HCRA Competency Exam, which is included in this course. The exam is optional, however, if you are applying for your HCRA License, successful completion of the exam is required for your application. Upon completion of the course, you will receive an email with instructions on how to complete your online exam. The exam is available 24/7, an appointment is not required and you will have access to complete your exam for 60 days. Pass mark is 70%.
