2.) Explore qualitative and quantitative approaches to psychological research
   - Explain the place of theory in the scientific method
   - Examine simple statistical principles to analyze psychological research from a variety of sources

3.) Use of psychological concepts to explain aspects of human behaviour
   - Define and apply to specific situations a range of psychological concepts including those in the following areas:
     - neuroscience
     - development
     - sensation and perception
     - states of consciousness
     - learning
     - memory
     - motivation
     - emotions, stress, and health
     - psychological disorders
     - therapy
     - social thinking, influence, and relations

### Evaluation/Earning Credit

The following list provides evidence of this course's learning achievements and the outcomes they validate:

| Assignment(s) (20%) | Validates Outcomes: CLR 1, CLR 2, CLR 3, EES 6, EES 7, EES 10, EES 11 |
| Written Assignment(s) (20%) | Validates Outcomes: CLR 1, CLR 2, CLR 3, EES 6, EES 7, EES 10, EES 11 |
| Quiz(zes)/Test(s) (60%) | Validates Outcomes: CLR 1, CLR 2, CLR 3, EES 11 |

### Learning Resources

### Learning Activities
Prior Learning Assessment and Recognition

Students who wish to apply for prior learning assessment and recognition (PLAR) need to demonstrate competency at a post-secondary level in all of the course learning requirements outlined above. Evidence of learning achievement for PLAR candidates includes:

- Challenge Exam
- Project/Assignment

Grade Scheme

Course Related Information
Attendance & Punctuality
- If you are absent for a valid reason (e.g. illness or injury), you may be allowed to make up missed in-class assessments. Appropriate documentation may be required.
- If you arrive late for an in-class assignment or test and someone else has already completed the assessment and left, you may not be permitted to write.

Assignments
- All assignments are due by the due date specified in the instructions and in your syllabus schedule.
- Late assignments will not be accepted. Assignments not submitted by the scheduled time will receive a mark of "0" for that evaluation unless there are extenuating circumstances. Documentation may be required.
- If you need an extension, please discuss this with your professor well ahead of time to allow time for consideration.

In order to receive credit for this course, a minimum grade of 50% in the course must be obtained.

College Related Information
Email
Algonquin College provides all full-time students with an e-mail account. This is the address that will be used when the College, your professors, or your fellow students communicate important information about your program or course events. It is your responsibility to ensure that you know how to send and receive e-mail using your Algonquin account and to check it regularly.

Students with Disabilities
If you are a student with a disability, you are strongly encouraged to make an appointment at the Centre for Accessible Learning to identify your needs. Ideally, this should be done within the first month of your program, so that a Letter of Accommodation (LOA) can be provided to your professors. If you are a returning student, please ensure that professors are given a copy of your LOA each semester.

Academic Integrity & Plagiarism
Adherence to acceptable standards of academic honesty is an important aspect of the learning process at Algonquin College. Academic work submitted by a student is evaluated on the assumption that the work presented by the student is his or her own, unless designated otherwise. For further details consult Algonquin College Policies AA18: Academic Dishonesty and Discipline and AA20: Plagiarism

Student Course Feedback
It is Algonquin College’s policy to give students the opportunity share their course experience by completing a student course feedback survey for each course they take. For further details consult Algonquin College Policy AA25: Student Course Feedback

Use of Electronic Devices in Class
With the proliferation of small, personal electronic devices used for communications and data storage, Algonquin College believes there is a need to address their use during classes and examinations. During classes, the use of such devices is disruptive and disrespectful to others. During examinations, the use of such devices may facilitate cheating. For further details consult Algonquin College Policy AA32: Use of Electronic Devices in Class

Transfer of Credit
It is the student’s responsibility to retain course outlines for possible future use to support applications for transfer of credit to other educational institutions.

Note: It is the student’s responsibility to refer to the Algonquin College Policies website for the most current information at http://www.algonquincollege.com/directives/
