

Program and Student Details

Student Name:	Student ID:	
Program Name: Dental Hygiene	Code (#): 1927X	Year: 1
Requirements Due: October 30, 2026		

Student Instructions for Mandatory Requirements

- Review the requirements checklist below:

SECTION	REQUIREMENT	Ensure all requirements are complete with records and certificates included
Section A – Medical Requirements <i>(Completed and signed by Health Care Provider)</i>	Tuberculosis (TB) Screening	<input type="checkbox"/>
	Measles Mumps and Rubella (MMR)	<input type="checkbox"/>
	Varicella (Chickenpox)	<input type="checkbox"/>
	Tetanus/Diphtheria (Td)	<input type="checkbox"/>
	Pertussis	<input type="checkbox"/>
	Polio	<input type="checkbox"/>
	Hepatitis B	<input type="checkbox"/>
	Influenza (strongly recommended)	<input type="checkbox"/>
	COVID-19 (strongly recommended)	<input type="checkbox"/>
Section B – Non-Medical Requirements	Standard First Aid	<input type="checkbox"/>
	CPR Basic Life Support	<input type="checkbox"/>
	Vulnerable Sector Police Check	<input type="checkbox"/>
	WHMIS Certificate	<input type="checkbox"/>
	Ontario Workplace Health and Safety Awareness Certificate	<input type="checkbox"/>

- Access the **Algonquin College Placement Pass** website for the most current Pre-Placement Health Form Package: <https://algonquincollege.placementpass.ca/>
- Book an appointment with a Physician or Nurse Practitioner. Bring vaccine records, public health forms or documents (including childhood records) that show your immunization history to your appointment.
- Provide **Section A** (instructions and forms) to your health care provider to complete and sign/stamp. RNs/RPNs may also co-sign portions of the form.
- Ensure your Health Care Provider (HCP) provides you with the following documents so you can submit these to Placement Pass with the health forms:
 - Vaccine records (for proof of immunization) and lab blood test results (for proof of immunity).
 - Chest X-ray report, if required.
- Complete **Section B: Mandatory Non-Medical Requirements**.
- Complete checklist (above) to ensure all requirements are met for both sections (A & B):
 - Section A (all pages) completed, initialed, and signed by your Health Care Provider.
 - Your blood lab reports and, if required, chest X-Ray report.
 - Your immunization vaccine records including childhood records, if available. Ensure your **NAME** is on each record.
 - Section B certificates or proof of completion for any non-medical requirement.
- Scan, label, and submit all documents to the website located at <https://algonquincollege.placementpass.ca/>
- Verify that documents are clear and legible before submitting them to the Placement Pass.
- Ensure vaccine records that are not in English include the original document and an officially translated English copy.

Health Care Provider Instructions for Mandatory Medical Requirements

1. Complete Section A in its entirety and provide an attesting signature/initial where indicated.
2. Provide the student a copy of vaccine records for vaccines administered and lab results for lab tests completed.
Note: Immunization requirements listed follow the standards outlined in: The Canadian Immunization Guide (Part 3) Vaccination of Specific Populations - Workers and Student Placements, The Canadian Tuberculosis Standards (2007), and the OHA/OMA Ontario Hospitals Communicable Disease Surveillance Protocols.
3. Use the following instructions when completing the following subsections:
 - a. **Tuberculosis (TB) Screening:**
 - i. 2-step TB Mantoux skin test is required regardless of BCG history. TB tests should be given 1 to 3 weeks apart.
 - ii. TB test is invalid if it is given in the 30-day period following the administration of any live vaccines. Ensure TB testing is complete before giving any live vaccines (e.g., MMR, Varicella).
 - iii. If a student was positive from a previous 2-step skin test, a TB test is not required; instead, proceed to a chest X-ray.
 - iv. For any student who has completed a negative 2-step TB test, complete a 1-step only. Documentation of the initial 2-step TB test must still be submitted.
 - v. For any student who tests positive:
 - Include date and results from any previous positive TB skin testing.
 - A chest X-ray is required (within 6 months prior to the start of placement, valid for 2 years).
 - Indicate any treatments that have been started.
 - Complete assessment and document on form if the student is clear of signs and symptoms of active TB. This is an annual requirement.
 - b. **Measles Mumps and Rubella (MMR):**
 - i. Either vaccine records of 2 doses of MMR vaccine is required or a lab blood test showing full immunity. If the lab blood test does not show full immunity and the student does not have any vaccine records of MMR, they will require 2 doses of MMR vaccine given 1 month apart.
 - ii. An MMR booster is required if the student has a record of 1 dose of MMR vaccine.
Note: This vaccine is not recommended (contraindicated) when pregnant. Pregnancy should be avoided for 3 months post immunization.
 - c. **Varicella (Chickenpox):**
 - i. Either vaccine records of 2 doses of Varicella vaccine or a lab blood test showing evidence of full immunity are required.
Note: This vaccine is not recommended (contraindicated) when pregnant. Pregnancy should be avoided for 3 months after a Varicella vaccination has been given.
 - d. **Tetanus/Diphtheria (Td) and Pertussis:**
 - i. Vaccine records showing an initial primary series are required.
 - ii. If there are no records available, give adult primary series of 3 doses. Dose #1 should be Tdap.
Note: National Advisory Commission on Immunization (NACI) as well as the OHA Surveillance Protocols recommends that all adults regardless of age should receive a single dose of tetanus diphtheria acellular pertussis (Tdap) for pertussis protection if not previously received in adulthood. The adult dose is in addition to the routine adolescent booster dose. The interval between the last tetanus diphtheria booster and the Tdap vaccine does not matter. All students are required to provide proof of an adult dose of Tdap received on or after their 18th birthday.

e. Polio:

- i. Vaccine records showing an initial primary series are required.
- ii. If there are no records available, then give an adult primary series of 3 doses.

f. Hepatitis B:

- i. If previously immunized, a lab test must be obtained for evidence of immunity (anti-HBs/HBsAb). Copies of lab results must be provided.
- ii. If the student has a completed initial primary series documented and serology results are < 10 IU/L, provide a booster dose. Another lab test 30 days following the booster is required to confirm immunity. Or, provide a second vaccine series.
- iii. If the student has not received the Hepatitis B vaccine provide the initial primary series as follows:
 - Dose #1 – as soon as possible.
 - Dose #2 – one month after dose #1.
 - Dose #3 – six months after dose #1 → serology is required 30 days following dose #3.
- iv. If serology results are < 10 IU/L, dose #4 is required, followed by another lab test 1 month after.
 - If serology results remain < 10 IU/L, continue with the vaccine series until completion, with repeat lab test 1 month after the final dose (*may receive up to 6 doses).

g. Influenza (Flu):

- i. Only applicable during flu season (October to the end of April).
- ii. Strongly recommended but not mandatory. All students are encouraged to protect themselves with annual influenza immunization. Students who have not received the vaccination may be removed from clinical placement as some of our placement partners may require that students receive influenza immunization and show proof especially if there is an outbreak. **In the event of an outbreak at your placement, any student without the vaccination may be denied access to the facility thereby jeopardizing successful completion of the clinical course.**
- iii. If a medical exemption to flu vaccination is indicated, the document must follow current NACI recommendations.
Note: Student must sign the influenza waiver if they do not intend to get the seasonal flu shot (see Section A, page 2).

h. COVID-19:

- i. Strongly recommended but not mandatory, as these requirements are site-specific and subject to change.
- ii. If a medical exemption to COVID-19 vaccination is indicated, a medical note is required which follows the process as outlined in the current NACI guidelines for a physician requested medical exemption of COVID-19 immunization. It must include:
 - The medical reason they cannot be vaccinated for COVID-19, and
 - The effective time period for the medical reason (i.e., permanent or time-limited).*Note: Student must sign the COVID-19 waiver if they do not intend to get some or any of the COVID-19 immunization doses (see Section A, page 2).*

4. Complete Health Care Provider Signature and Identification subsection.

- i. To be completed by each health care provider who has provided information in Section A (to match initials on the form to signature).

Pre-Placement Health Form
SECTION A: Health Care Provider Form

!	▶ Students who started a vaccine series will receive a temporary exception after two doses.
	▶ Do not leave any sections blank – If not applicable, please complete with “N/A”. If drawn, provide the student with a copy of the lab report/results (attach laboratory blood report) for each of the following:

Student Name: _____ Student ID: _____

TUBERCULOSIS (TB) SCREENING	Date Administered	Date Read (48-72 hours from testing)	Results* (Induration in mm)
Initial 2-Step Mantoux Test – Mandatory			
1-step	YYYY/MM/DD	YYYY/MM/DD	_____ mm
2-step (7-28 days after 1-step)	YYYY/MM/DD	YYYY/MM/DD	_____ mm
1-step if the initial 2-step TB skin test has been completed previously with negative results. Record date of previous 2-step in space above.	YYYY/MM/DD	YYYY/MM/DD	_____ mm

*10 mm or more: Positive Negative N/A Date of Chest X-Ray: _____ YYYY/MM/DD

Signs/symptoms of active TB on physical exam? Yes No Date of Assessment: _____ YYYY/MM/DD

Health Care Provider Initials: ○

MEASLES MUMPS AND RUBELLA (MMR)	Dose 1	Dose 2
Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD

Immune to MMR? Attach lab report. Yes No Health Care Provider Initials: ○

VARICELLA (CHICKENPOX)	Dose 1	Dose 2
Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD

Immune to Varicella? Attach lab report. Yes No Health Care Provider Initials: ○

TETANUS/DIPHTHERIA (TD) AND PERTUSSIS	Tdap Booster	Dose 2	Dose 3
Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD	YYYY/MM/DD

Initial primary series completed? Attach vaccination records. Yes No (If no, provide primary series of 3 doses)

Received one dose of **Tdap** after 18th birthday? Yes No Health Care Provider Initials: ○

POLIO	Dose 1	Dose 2	Dose 3
Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD	YYYY/MM/DD

Initial primary series completed? Attach vaccination records. Yes No (If no, provide primary series of 3 doses)

Health Care Provider Initials: ○

HEPATITIS B		Dose 1	Dose 2	Dose 3	Booster
Initial Series	Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD	YYYY/MM/DD	YYYY/MM/DD
	Product Name:				
Second Series	Date Vaccine Administered:	YYYY/MM/DD	YYYY/MM/DD		
	Product Name:				

Immune to Hepatitis B? Attach lab report. Yes No

Do lab test results one-month **post final dose** indicate “immune Hepatitis B”? Yes No N/A

Health Care Provider Initials: ○
