2nd Annual
CYBERSECURITY DAYS 2.0
February 24-25, 2016

Privacy Risks and the Impact on You

Join **Algonquin College** and its partners from education, high technology, government and other sectors to share ideas on up-to-the-minute topics in privacy, cyber security, youth and cyber, dark actor tactics, and the future of cyber security and privacy careers.

In support of **International Data Privacy Month**, events include an exciting program of talks, discussions and student activities held in the 700-seat Algonquin Commons Theatre.

DAY 1
Focuses on 'Industry Trends' including VIP keynote and Canadian thought leader speakers, panels, and technical demonstrations.

DAY 2
Looks at 'Youth and Cyber' including themes of social networking, cyber recruiting, and starting cyber businesses.

Returning is the popular high-tech cyber security Trade Fair with global leading companies and our first showcase of Foundation Sponsors.

Also back is the **Job Fair**, with many of the cyber security companies undertaking recruiting efforts right on campus.

Be sure to check out **Tech Talk**, a hacking village and cyber security technical demonstrations!

This is an engaging opportunity for the entire community to come together for two days of dialogue, seeing and doing. All are welcome including practitioners, educators, students, government officials, researchers, interested parents, job seekers and other parties. **Lots of opportunities for sponsors!**

Cyber Security and Privacy Dinner
Brand new this year is a 4-course semi-formal Cyber Security and Privacy Dinner held in Algonquin's Restaurant International, hosted by our School of Hospitality and Tourism head chefs and students.

Stunning array of high tech and gadget giveaways including an $800 privacy Blackphone 2.

Free refreshment breaks and lunch.

Networking opportunities unbounded.

Ample opportunities to volunteer in a major event.
