

Applying for Health Programs That Offer ICHS

Many of our health-related programs require students to complete a special bridging program called “Introduction to Canadian Health Studies”.

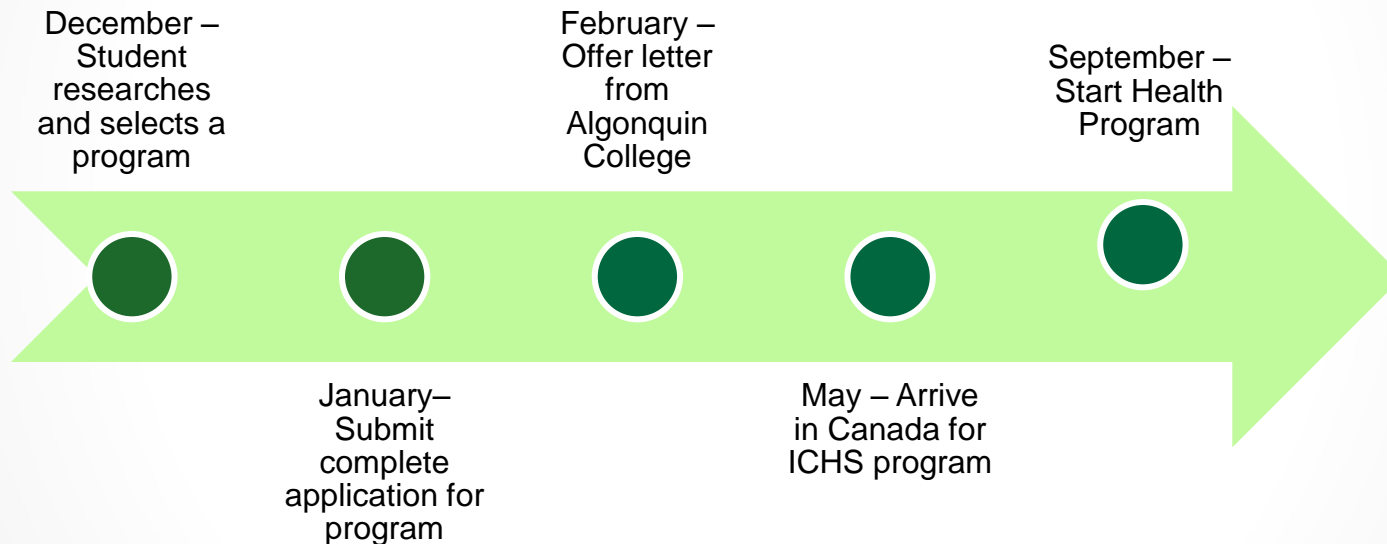

Applying for Health Programs That Offer ICBS

Planning an application to Practical Nursing – January 2016 Intake

Applying for Health Programs That Offer ICHS

*Planning an application to Practical Nursing – **September Intake***

About *Introduction to Canadian Health Studies (ICHS)*

- 4 months in length
- Cost is \$2500 for 2014-2015
- Offered May for September programs, and September for January programs
- Students in ICHS are not permitted to work. They can work once they start their health program
- Students who wish to apply for an entrance scholarship must apply when they get admission to Algonquin College and before they enter the ICHS program. They cannot apply twice.

Applying for Health Programs

Quick-check for applicants to health-related programs:

1. Does the applicant have a high enough English level?
2. Does the applicant have the right academic background?
3. Is the application going to be submitted in time for the next intake?
Remember, it needs to be submitted at least 8 months before the start of the program.
4. Does the applicant know and understand about the ICHS program?
