

Dear prospective student,

Thank you for your interest in applying to study at Algonquin College. We would like to inform you that as of November 13, 2023, we will no longer accept applications submitted directly by applicants from Nigeria. Instead, we ask that all students interested in applying to our college use the services of one of our authorized international student agencies listed below.

There will be no cost, apart from the Algonquin College \$95 Canadian dollar application fee, for submitting an application via one of these agencies.

Please note that we have taken this decision in order to protect prospective students from unauthorized agencies operating in Nigeria and to ensure that our application and admissions process is as smooth and efficient as possible. All of the agencies listed below are authorized by Algonquin College to support prospective students and to access the Algonquin College international student application portal.
