General Arts and Science - English for Academic Purposes (Canadian)

Ontario College Certificate
1 Year
Ottawa Campus

Our Program

The language skills you need for the life you want.

The General Arts and Science - English for Academic Purposes (EAP) Ontario College Certificate program is an academically-oriented English as a Second Language (ESL) Program designed for International and Domestic students whose first language is not English.

Improve your academic English language skills for college and job success in a dynamic multicultural setting. Upon successful completion of the program, you obtain an Ontario College Certificate, which provides a pathway into post-secondary studies by satisfying the language requirements for entry into most programs offered at Algonquin College.

The EAP Placement Test determines your starting point in the program, ranging from low-intermediate to low-advanced language skills. As you move through the program, you actively participate in a variety of large and small group activities that provide engaging opportunities to practice the four language skills of:

- reading
- writing
- listening
- speaking

Class sizes allow for ample feedback from your instructors on all in-class and online assignments. Additional features include regular visits to our well-equipped language lab and elective courses that provide opportunities to develop areas of personal interest.

Your classmates from countries all over the world bring with them a wealth of cultural perspectives and life experiences to share. The opportunities to grow your language skills are not limited to the classroom. As an International student or an English as a Second Language learner in Canada, you can benefit from the many opportunities to apply your developing language skills in the nation`s capital city.

SUCCESS FACTORS

This program is well-suited for students who:

- Do not speak English as their first language.
- Are motivated to pursue further post-secondary studies.
- Desire an intensive immersion experience in the English language and Canadian culture.
- Enjoy a dynamic multicultural environment.
- Are committed to pursuing a career that requires advanced English language skills.

Learning Outcomes
The graduate has reliably demonstrated the ability to:

- Analyze a variety of authentic readings from a range of subjects.
- Critically read and analyze academic texts using effective reading and note-taking strategies.
- Develop and apply fundamental skills and strategies to ensure academic success in post-secondary studies.
- Conduct research and write essays and/or reports to ensure success in post-secondary studies.
- Communicate competently at the level required for postsecondary studies, showing flexibility and clarity of thought and expression.
- Examine and evaluate various aspects of our changing society to assist in developing a sense of personal and social responsibility as a citizen in society.
- Identify and apply discipline-specific practices that contribute to the local and global community through social responsibility, economic commitment and environmental stewardship.
