

**Food and Nutrition Management 1204X01FWO
Ontario College Graduate Certificate
2023-2024 Academic Cycle
Agreement for Acceptance to the Program**

The published program eligibility requirements for your program are as follows:

- A two-year diploma in Culinary Management or Hospitality Management or equivalent OR
- An undergraduate degree in Food or Nutrition Science OR
- Consideration may be given to applicants with a one year college certificate in a culinary or hospitality program, if a minimum of 600 hours of hospitality related theory courses have been successfully completed. A program of study may be developed by the school, following an applicant assessment. The entire individualized study program must be successfully completed, to be eligible to graduate. Participants are responsible for all costs associated with such upgrading.

Our evaluation of your application reveals that the food operations requirement for admission to our program has not been met. However, since you have completed credentials that make you a good candidate for this program we are pleased to accept you into the program under the following condition:

You will take two additional courses in food operations. The courses are FOD2132 Culinary Fundamentals and HOS2236 Food and Beverage Management. These courses must be successfully completed to be eligible to graduate. You are responsible for all costs associated with these additional courses. You will be registered in these courses when space is available.

If you are in agreement with these conditions, sign this document and return it to the address indicated below. No further action on your file will take place until this form is returned.

Additional Admission Requirements

☐ I have read the above information and agree to the conditions outlined herein. I understand that my application will not be processed any further until this form has been returned to Algonquin College.
