# 2024-2025 Academic Cycle
# 500-Word Essay Requirements

Your submission should be 500 words. Write a letter, an essay, a script, a monologue -- choose your form, but write about why this program interests you, what you hope to learn from its courses, and where you hope to go from here. We want to make sure that you can write well, but most of all we want to know that this program is right for you and that you're right for the program.

If you have industry related experience, please address this in your written piece.

Details about the 500-word essay submission and other admission requirements can be found on the Scriptwriting program webpage.
Submit your essay by email to media@algonquincollege.com.

For more information, refer to the School of Media and Design website at
