

HOW TO DOWNLOAD & INSTALL SOFTWARE FOR FINDME PRINTING

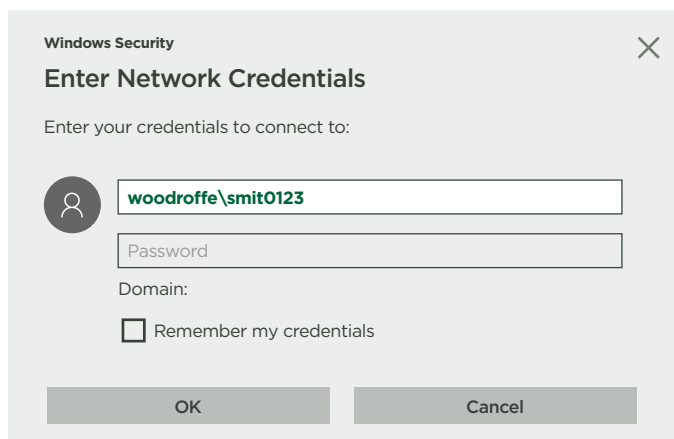

FOR PC

- 1 To install PaperCut, press **Windows** + R to open the Run window, then type “**\\acprint**” and press enter.

- 2 You will be prompted to login at this point. Enter your username including woodroffe. For example if your username is smit0123 you would enter **woodroffe\smit0123**.

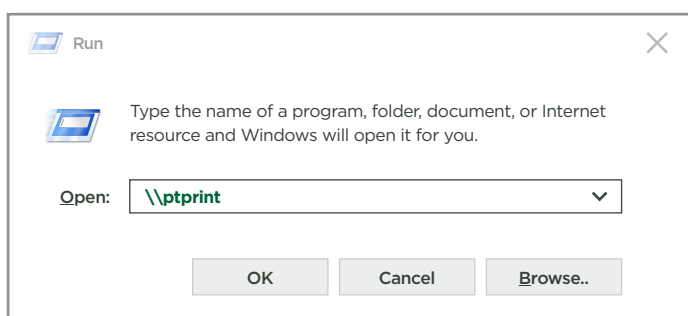

- 3 When the explorer windows opens, select **PCClient > Win**, then double-click **client-local-install** to install PaperCut.

- 4 Once PaperCut is installed, you will be prompted to enter your network username and password.

- 5 To install the FindMe printer, press **Windows** + R to open the Run window, then type “**\\ptprint**” and press enter.

Note: If you are required to enter your username, use the **woodroffe\<username>** format.

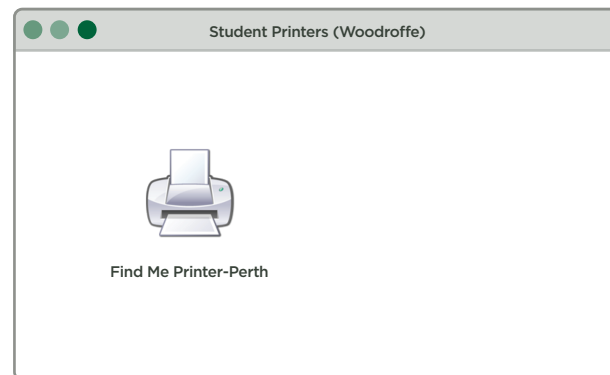

- 6 Double-click on **PT_FindMe_Printer** to install the driver and print queue. There may be a 30-60 second pause before the install happens. Once the printer queue appears you are ready to print. To print, select the PT_FindMe_Printer from the print menu in your application.

FOR MAC

- 1 Download the required software at **algonquincollege.com/print**

- 2 To install PaperCut, open the Student Printers dmg file and double click to mount the installer file. Double click on the “Find Me Printer-Perth” icon to begin the driver installation.

- 3 When the installer runs click “Open” then enter in your **local computer username and password** when prompted.

- 4 It will also install PaperCut into your applications folder and create a login item so that PaperCut will start each time you login. If PaperCut does not start automatically, you can launch it by double clicking PCClient in the Applications folder.
Note: The PaperCut taskbar icon is not visible when using Dark Mode.

- 5 Once PaperCut is launched it will prompt for your **network username and password**.

- 6 The first time you print a document, make sure you select the correct printer in the print dialog box (Colour, or Grayscale.) You will then be asked to enter **woodroffe\network username and password**. Once the print has left the printer queue, you can go to the printer, and tap your Student or Staff card, or login with your college username and password at the printer to release the print job.
